PURPOSE

The purpose of this presentation is to introduce the Suisun 355 Project to the Airport land Use Commission. The project will be scheduled for a hearing at a future date when the City has finalized the plans for the project and has the environmental review underway. The purpose of this presentation is to give the Commissioners an opportunity to ask for additional clarifying information on the project and to identify issues which the staff should consider when the project is scheduled for hearing.

The Commission should avoid any discussion of the merits of the project at this time.

RECOMMENDATION:

Staff recommends that the Commission receive a Presentation on the proposed Suisun 355 Project (ALUC-17 -04 by the City of Suisun City).
