Monthly claims for payment should be submitted to County by the 15th day of the subsequent month.

B. Claims submitted by Contractor must meet the criteria set forth in section I.E and be documented by a fiscal monitoring report (Exhibit B-2). Each invoice must specify actual charges incurred.

C. Contractor must request prior written approval, which approval may be withheld at the sole and absolute discretion of County, for transfers between budget categories or the addition of line items within the operating expenses category, which are set forth in Exhibit B-1, when the cumulative amount of such transfers or additions exceed the lesser of \$30,000 or 10% of the total Contract budget for the fiscal year. County may authorize the proposed transfers between budget categories or the addition of line items within a budget category under this section, except for personnel, subcontractors, indirect costs and capital expenditures (equipment or real property), provided that such transfers or additions do not substantially change the scope of services to be provided under this Contract and do not increase the Contract amount. Requests for transfers between budget categories or addition of budget line items within a budget category over the aforementioned threshold must be presented to the County on the County's "Budget Modification Request Form". Budget modifications below the threshold must be presented on Exhibit B-2 Fiscal Monitoring Report and submitted with the monthly vendor claim and invoice. Contractor may submit a written appeal to a disallowance to the County Health and Social Services Behavioral Health Deputy Director, or designee, within fifteen days of receipt of a disallowance notice. The appeal must include the basis for the appeal and any documentation necessary to support the appeal. No fees or expenses incurred by Contractor in the course of appealing a disallowance will be an allowable cost under this Contract and will not be reimbursed by County. The decision of the County regarding the appeal will be final.

E. The following criteria apply to Contract Budget submitted by Contractor under this Contract:

1. Requests for payment of personnel costs must include positions, salary, and actual percentage of time for each position. If Contractor provides fringe benefits to part time employees, salary and fringe benefits must be pro-rated for non-full-time employees. Salaries are fixed compensation for services performed by staff who are directly employed by Contractor and who are paid on a regular basis. Employee benefits and employer payroll taxes include Contractor's contributions or expenses for social security, employee's life and health insurance plans, unemployment insurance, pension plans, and other similar expenses that are approved by County. These expenses are allowable when they are included and in accordance with Contractor's approved written policies and allocation plan.

2. Salaries and benefits of personnel involved in more than one contract, grant, or project must be charged to each grant based on the actual percentage of time spent on each grant or project. Timesheets and time studies for each employee whose time is charged to this Contract must be maintained by Contractor and available upon request by the County.
3. Allowable operating expenses are defined as necessary expenditures exclusive of personnel salaries, benefits, equipment or payments to subcontractors. County reserves the right to make the final determination if an operating expense is allowable and necessary.
4. Indirect costs are shared costs that cannot be directly assigned to a particular activity but are necessary to the operation of the organization and the performance of the program. The costs of operating and maintaining facilities, accounting services and administrative salaries are examples of indirect costs. Contractor must use a negotiated indirect cost rate with a federal agency. A Contractor who does not have a negotiated indirect cost rate agreement may claim an indirect cost rate of up to 10.11% of modified total direct costs.
5. Regardless of whether Contractor claims indirect costs through a negotiated indirect cost rate, Direct Allocation Method or the 10.11% of modified total direct costs, Contractor must provide the County with a cost allocation plan that clearly differentiates between direct and indirect costs. Contractor ensures that the same costs that have been treated as indirect costs have not been claimed or budgeted as direct costs, and that similar types of costs in like circumstances have been accounted for consistently. Contractor will provide this plan to County upon request. In the event that Contractor is unable to provide County with an acceptable cost allocation plan, County may disallow any indirect cost billed amounts.

II. Accounting Standards

- A. Contractor shall establish and maintain a system of accounts for budgeted funds that complies with generally accepted accounting principles and practices for organizations/governmental entities as described in Exhibit C – section 13C. Additionally, Contractor must submit claims for payment under this Contract using either a cost allocation method or a direct allocation method.

- C. Contractor shall document all costs by maintaining complete and accurate records of all financial transactions associated with this Contract, including, but not limited to, invoices, time studies, and other official documentation that sufficiently support all charges under this Contract.

III. Personal Property

Contractor shall develop and maintain a system to track the acquisition of tangible personal property purchased with County funds having a cost of at least \$1,500 and submit, upon County's request, an annual accounting of all such property purchased that includes information on cost and acquisition date. Contractor shall, upon County's request, return such assets to the County upon Contract termination; unless the depreciated value of the asset is \$0, based on a straight-line method of depreciation (refer to CFR part 200.436).

IV. Financial Statements And Audits

- A. Contractor agrees to furnish annual audited financial statements to the County, which must be submitted within 30 days of its publication. If Contractor is not required by federal and/or state regulations to have an independent audit of its annual financial statements, Contractor agrees to furnish unaudited financial statements by September 1.
- B. Contractor agrees to furnish all records and documents within a reasonable time, in the event that the County, State or Federal Government conducts an audit of the County and/or Contractor's services.

V. Billing Expectations

- A. Prior to submitting an invoice for services rendered under this Contract, Contractor must determine if there are any available revenues from all possible sources other than the County that can be claimed for reimbursement for treatment of services provided under this Contract and submit claims for funding accordingly. Such revenues shall include, but are not limited to, Short Doyle Medi-Cal, patient fees, patient insurance, Medicare and payments from other third party payers. Contractor shall provide the County with the necessary payer financial information in a form and manner prescribed by the County so that all revenues can be claimed timely. Amounts of claims against other revenue sources which remain unpaid due to untimely, incomplete, or improper information received from the Contractor shall be recouped from the Contractor.
- B. Determination of patient eligibility for coverage under Medicare and other reimbursement programs is the responsibility of the Contractor. County does not assume responsibility for such determination.
- C. Contractor understands and agrees that Contractor and any subcontractors will bill Short Doyle Medi-Cal for services provided. The authorized billing codes are listed in Exhibit B-3 as Contract Billing Codes.
- D. Contractor will enter services into Avatar, the County approved computerized billing system. County will provide Contractor access to Solano County's computerized billing system.
- E. Contractor will submit adequate supporting documentation as to Medi-Cal services provided no later than sixty (60) days after the last day of the month in which those services were provided.
- F. County will reconcile supporting documentation with the services in Avatar. Documentation not accurately reconciled to services entered into Avatar will be returned to the Contractor for corrections to be resubmitted within thirty (30) days.
- G. Periodically, Contractor will meet with County to review Medi-Cal reimbursable units and any disallowances. The amount of disallowances identified from the Avatar will be deducted from a following months invoice provided that the disallowance was due to delays in Contractor providing County the necessary information for billing.

VI. Submission of cost report

- A. County will, at its discretion, schedule a cost report briefing in October of each fiscal year. Contractor will submit its cost report by the deadline set by the County. Contractor's cost report must be complete, accurate and formatted within the guidelines provided by the Solano County Health and Social Services Department.

B. If Contractor is currently out of compliance with the cost report's submission requirement, Contractor agrees that funds to be disbursed under the terms of this contract will be withheld until such time as Contractor submits an acceptable Cost report. County will not be liable for any interest that may accrue as a result of delay in payment caused by Contractor's failure to submit an appropriate Cost report.

C. If Contractor provides services to multiple counties, it must use the Net Cost Method, reporting only the costs (activities) directly attributable to County.

D. Contract will establish a tracking and reporting system to distinguish between expenditures for direct services and expenditures for client supports. DMH Letter No. 06-08, incorporated by this reference, outlines the need and definition of the new service function codes which have been added:

Service Function Code 70 – Client Housing Support Expenditures

Service Function Code 71 – Client Housing Operating Expenditures

Service Function Code 72 – Client Flexible Support Expenditures

Service Function Code 75 – Non-Medi-Cal Capital Assets

Service Function Code 78 – Other Non-Medi-Cal Client Support Expenditures

This information will be required at the same time that the annual cost report is due to the County.

Any insurance proceeds in excess of the specified limits and coverage required, which are applicable to a given loss, shall be available to the County. No representation is made that the minimums shown above are sufficient to cover the indemnity or other obligations of the Contractor under this Contract.

General Liability coverage shall be provided in the form of an Additional Insured endorsement (CG 20 10 11 85 or both CG 20 10 and CG 20 37 if later ISO revisions are used or the equivalent) to Contractor's insurance policy, or as a separate owner's policy. The insurance afforded to the additional insureds shall be at least as broad as that afforded to the first named insured.

(b) For any claims related to work performed under this Contract, Contractor's insurance coverage must be primary insurance with respect to the County of Solano, its officers, officials, agents, employees, and volunteers. Any insurance maintained by County, its officers, officials, agents, employees, or volunteers is excess of Contractor's insurance and shall not contribute to it.

(2) If Contractor's services are technologically related, Professional Liability coverage shall include, but not be limited to claims involving infringement of intellectual property, copyright, trademark, invasion of privacy violations, information theft, release of private information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to such obligations. The policy shall also include, or be endorsed to include, property damage liability coverage for damage to, alteration of, loss of, or destruction of electronic data and/or information "property" of the County in the care, custody, or control of the Contractor. 8. BEST EFFORTS

Contractor represents that Contractor will at all times faithfully, industriously and to the best of its ability, experience and talent, perform to County's reasonable satisfaction.

This indemnification shall extend to claims, losses, damages, injury and liability for injuries occurring after completion of Contractor's services, as well as during the progress of rendering such services.
