General Information

As a member of this board/council/committee/commission, what might you hope to achieve?

I hope to achieve a greater understanding of how library resources are being utilized to help the community. I also want to view the different programs and resources available to the Black community so that I can better communicate its availability. I look forward to better incorporating the resources of the library with the needs of the public school system.

As a member of this board/council/committee/commission, what do you think you might contribute to help it fulfill its missions and goals?

I can provide my perspective, both as a Black man and as a resident of Vallejo (whose wife grew up here). As a school teacher, I interact with community stakeholders on a daily basis and I have an understanding of the needs of both the parents and my students when it comes to resources that they might need or expect from the public library.
