Principal Management Analyst Megan Richards introduced the item and provided an expenditure update on the American Rescue Plan Act (ARPA). Ms. Richards stated 100% of the funds have been obligated and as of March 31, 2025, 72.3% of the funds have been expended.

President and CEO of Solano Economic Development Corporation, Chris Rico provided an overview of the Revolving Loan Fund, highlighting that loans were distributed to a diverse range of businesses, including women-owned and minority-owned businesses.

A brief video was shown highlighting local businesses and the positive impact the funding has had on their operations.

Assistant to the City Manager, City of Vallejo, Natalie Peterson provided an update on two funded projects: the Vallejo Navigation Center and the Broadway Street Permanent Supportive Housing Project.

Ms. Peterson stated the Vallejo Navigation Center is scheduled to open by the end of June 2025, and the Broadway Street Permanent Supportive Housing Project has an anticipated occupancy date of July 2025.

Ms. Richards provided an update on the Housing Trust Fund and stated the waitlist for Solano County units opens June 10, 2025.

Supervisor Vasquez commented on the Public Notice flyer, emphasizing that while the City of Vacaville administers the Solano County Housing Authority, the flyer should feature the County seal.

In response to a question from Supervisor Brown regarding expended funds and tracking of those funds, Ms. Richards stated that staff is closely monitoring the amounts. Ms. Richards further stated that as projects conclude, any unused funds may be returned to the County and subsequently presented to the Board for appropriate reallocation.

In response to a question from Supervisor Williams regarding the vaccination policy for pets at the Vallejo Navigation Center, Ms. Peterson stated that Animal Care Services visits the homeless encampments regularly and has vaccinated many of the animals at the encampments. Ms. Peterson expressed hope that Humane Society and the Sheriff's Department will assist with vaccinating animals whose vaccination status is unknown.

In response to a question from Supervisor James regarding eligibility requirements and drug use, Ms. Peterson stated that the use of drugs and alcohol is not permitted on-site at the Vallejo Navigation Center. Ms. Peterson further stated that prior convictions do not disqualify individuals from accessing services at the Center. However, for the Broadway facility, Ms. Peterson noted that while the Housing First model with a harm-reduction approach is prioritized, HUD regulations take precedence and may impose certain limitations due to funding requirements.

Ms. Peterson extended an invitation to the Board to tour the facilities.

Receive a verbal update from Paragon Government Relations, the County's federal Legislative Advocates and Karen Lange, the County's State Legislative Advocate on legislative matters of interest to the County

Assistant County Administrator Debbie Vaughn introduced the item.

Federal Legislative Advocate Joe Krahn provided an update on current legislation of interest to the County.

In response to a question from Chair Mashburn regarding the Delta, specifically whether there has been any further discussion about transferring permitting review authority from the U.S. Army Corps of Engineers to the

Environmental Protection Agency (EPA), Mr. Krahn stated that active discussions are ongoing; however, there is currently no indication as to whether the EPA intends to exercise its veto authority.

Chair Mashburn commented on the proposed Medicare and Medi-Cal reductions, noting that while such cuts are often presented as federal savings, the financial burden is effectively shifted to counties, which are then responsible for covering the associated costs.

In response to a follow-up question from Chair Mashburn regarding a potential proposal for Travis Air Force Base (TAFB) to serve as a holding facility for immigration detainees, Mr. Krahn stated that the possibility remains under consideration and affirmed that he will keep the Board informed as new information becomes available.

In response to a question from Supervisor Brown regarding the vote on the debt ceiling and safety cuts and their potential impact on individuals pursuing higher education, Mr. Joseph indicated that the U.S. Treasury may address the debt ceiling vote this summer; however, no definitive date has been set. Concerning the education-related implications, Mr. Joseph noted that there is currently no clear guidance or definitive information on the specific education requirements; however, at the County level, caseworkers may be faced with increased workload demands due to the need to begin documenting service hours.

In response to a question from Supervisor Williams regarding potential funding cuts to rental assistance for low-income housing and homelessness programs, Mr. Joseph stated that the President's proposed budget for the upcoming fiscal year includes significant reductions in funding for housing and homelessness initiatives. Mr. Joseph further stated the proposal includes a plan to consolidate a broad range of programs-such as public housing vouchers and homelessness services-into a single block grant.

State Legislative Advocate Karen Lange provided an update on current legislation of interest to the County.

Supervisor Vasquez commented that the state has shown leniency in holding private cemeteries accountable and emphasized that the responsibility should lie with the cemetery owners.

In response to a question from Supervisor Brown regarding program cuts and free meals for students, Ms. Lange stated the funding cuts to universities and California State universities were rejected by the legislature.

Chair Mashburn expressed gratitude to the federal and state legislative advocates, as well as to the city and county staff, for their dedicated efforts and hard work.

Emergency Services Manager Robyn Rains introduced the item and provided background on PulsePoint, a system comprised of two mobile applications-PulsePoint Respond and PulsePoint AED, that are integrated with a Public Safety Answering Point (PSAP), or 911 dispatch center, and are designed to alert CPR/AED-trained individuals to nearby incidents of cardiac arrest.

Emergency Medical Services Coordinator Scott Wagness stated the goals of PulsePoint are to reduce cardiac deaths by decreasing collapse to CPR and collapse to defibrillation times and to enhance public situational awareness of emergency incidents.

Mr. Wagness provided an overview of the functionality of the PulsePoint system and the benefits of receiving the notifications in emergency situations.

Ms. Rains explained that Solano County has eight Public Safety Answering Points (PSAPs), but currently, only the Solano County Emergency Communication Center (ECC) has implemented PulsePoint. Ms. Rains further explained only agencies dispatched by the ECC receive PulsePoint notifications and stated that for PulsePoint to be deployed countywide, each PSAP would need to establish its own contract with PulsePoint and integrate the system with its respective Computer-Aided Dispatch (CAD) provider.

Supervisor Vasquez commented on the need for centralized dispatch.

A brief explanation was provided on how to access PulsePoint using both desktop computers and mobile devices.

Undersheriff Brad DeWall introduced the item and provided background on the Behavioral Health Unit (BHU), describing it as step-up/step-down housing for incarcerated individuals with mental health diagnoses or behavioral challenges that affect their ability to function in the general population. Undersheriff DeWall further stated the BHU will offer specialized care, including increased monitoring, therapeutic interventions, and programming to support mental health management and adjustment to the jail environment.

Captain Bill Hornbrook commented on the prevalence of mental illness in the jail population, noting that as of May 2025, around 55% of the Solano County jail population has been identified as having mental health conditions, and emphasized that some individuals require more attention than a standard housing unit can accommodate. Mr. Hornbrook highlighted the positive impacts the BHU will have on the inmates and staff.

Mr. Emlen stated the Suisun City Council is scheduled to consider an item on its June 10, 2025, agenda involving a series of reimbursement agreements with various consultants to initiate the annexation process and amend the city's sphere of influence to incorporate the California Forever proposal. Mr. Emlen further explained the proposal involves expanding Suisun City by approximately 22,873 acres, which would lead to significant urban development in eastern Solano County. Mr. Emlen reminded the Board that under the current General Plan, these areas are designated for agricultural use and habitat preservation.</p> |
|-----------|---------------|--|

Mr. Emlen requested the Board authorize staff to send a letter to the Suisun City Council prior to the city council meeting expressing the County's position and concerns.

In response to a question from Supervisor Vasquez regarding the discussion parameters considering the item was added as an urgency item, County Counsel Bernadette Curry stated the Brown Act does allow for discussion since it is an urgency item; however, it is recommended that the discussion stay within the parameters of previous board direction.

Supervisor Brown requested the discussion held at the Solano County City-County Coordinating Council (4Cs) be included in the letter.

In response to a question from Supervisor Williams on whether the County's letter will be made available to the Suisun City residents, Mr. Emlen stated the decision to share the letter is up to the discretion of the Suisun City Council.

Supervisor Cassandra James requested the item be brought back after the Suisun City Council meeting for further discussion.

*Chair Mashburn invited members of the public to address the Board on this matter and the following comments were received:*

- A) Suisun City Mayor Alma Hernandez spoke in support of the reimbursement agreements between Suisun City and California Forever.*

- E) California Forever Attorney Jennifer Hernandez commented in support of the potential annexation and expansion of Suisun City.*
- F) Suisun City Vice Mayor Jenalee Dawson commented in support of the potential annexation and expansion of Suisun City.*
- G) Ruth Forney requested the Board refrain from sending a letter to the Suisun City Council.*

Ms. Curry explained that because the Suisun City Council is set to take action on the item at tonight's meeting, it was necessary to include the matter on the agenda as an urgency item, requiring a four-fifths vote for

approval. Ms. Curry stated that the County is requesting the Suisun City Council to pause its actions to allow for additional discussions, in alignment with the Board's previously stated direction, and further stated the item being presented to the Suisun City Council is not consistent with the guidance provided by the Board.

In response to Supervisor James' request for clarification regarding the contents of the letter, Mr. Emlen indicated that it will emphasize the consistency with the General Plan and incorporate discussions from previous 4Cs meetings.

**On motion of Supervisor Brown, seconded by Supervisor Vasquez, the Board authorized the County Administrator to send a letter to the City of Suisun City listing the County's concerns regarding the City of Suisun City Council's potential approval of a California Forever Reimbursement Agreement, Consultant Professional Services Agreements, and Administrative Amendments So ordered by a 5-0 vote.**
