Comments Received:

Comment 1 - Will there be more supportive services/assistance for FSS participant families who reduce work hours for educational opportunities.

Response 1 – The FSS coordinators work with each individual participant family regarding the goals of that family to reach self-sufficiency. Overall, the FSS program is designed to support families in exploring educational opportunities as this leads to self-sufficiency. If families' income is reduced while participating in education programs, the rent will be decreased. Advised to contact FSS Coordinator directly for more case specific questions.
