Supervisor Hannigan requested that the first meeting date be on December 5, 2018.

In response to a question from Chair Vasquez, Ms. Vaughn noted that the oversight board had to be up and running in order for the agency to function and advised that the AAA Advisory Council appointment process would begin right after that. She advised that the AAA had to be up and running by January 1, 2019.

Supervisor Sperring thanked staff for their efforts on the AAA. He noted that the largest number of people being served in the County was in Vallejo and recommended Supervisor Hannigan and Supervisor Brown to be appointed to the oversight board.

Supervisor Thomson thanked the staff for their efforts and commented in support of Supervisor Brown being appointed as the primary and Supervisor Hannigan as the alternate.

Receive the Audit Report of the Solano County Fair for the years ended December 31, 2017 & 2016

Attachments: A - SCF Audit Report
 B - SCF Mgmt Memo
 C - SCF Mgmt Memo Addendum
 Minute Order

Auditor-Controller Simona Padilla-Scholtens introduced the item.

Audit Manager Kirk Starkey provided an overview of the audit report of the Solano County Fair for the years ending December 31, 2017 and 2016.

In response to a question from Supervisor Hannigan, Ms. Padilla-Scholtens noted that issues with lack of detailed information on cost center accounting had been taking place for a long time and that the reporting needed to include allocation of administrative overhead.

Supervisor Hannigan noted that the fair had been operating at a loss and that there are problems with the agreement between the County and the Solano County Fair Association (SCFA).

Ms. Padilla-Scholtens noted that cash was down to \$190,000 at end of 2017 and advised that there was a need to look at this, to better spell out the management agreement and to require cost accounting data moving forward.

In response to a question from Chair Vasquez, Ms. Padilla-Scholtens noted that the SCFA had chosen to fund the pension liability on a pay as you go method and advised that this would need to be looked into further to determine whether there was an obligation by the County regarding the SCFA pensions.

Chair Vasquez commented on the liability obligations, noting similarity with the pension obligation of the courts.

Supervisor Hannigan commented on concerns that pension obligations are not recognized by the SCFA and the lack of staffing adjustments by the SCFA even though the length of the fair event had been reduced.

Ms. Padilla-Scholtens noted that the SCFA made payments directly to CalPERS and that staff was working with management to address issues.

In response to a question from Supervisor Spering, Ms. Padilla-Scholtens advised that it was time to look at what the Board wanted the SCFA to manage, to decide on the structure of the agreement and to require cost center accounting with full accounting of all cost centers.

Supervisor Spering commented on the financial analysis of the fair.

Ms. Padilla-Scholtens noted that the financial analysis on page 7 was for the entire fair but not the association.

In response to questions from Supervisor Spering, Ms. Padilla-Scholtens note that the fair was currently operating in the red and recommended starting with requiring cost center accounting, fully allocating administrative overhead and analyzing costs by functional area to determine where money was being lost in order to start changing the current trends.

Supervisor Thomson commented on the need for the better accounting to have come to the Board before now and asked about subsidies.

Ms. Padilla-Scholtens noted that the only subsidy was the .33 money.

In response to a question from Supervisor Thomson, Ms. Padilla-Scholtens advised that all of the rentals were fair revenue and stayed with the fair to offset some of the costs.

Supervisor Thomson noted that the revenue was by agreement, therefore it would be a subsidy. He advised that he would not be supportive of putting money into a fair that was continuing to go into the red. He commented on the need to have the Auditor come back with SCFA to the Board to provide the true costs of the fair and to figure out who is paying what so that the Board could make a final decision about the fair.

In response to questions from Supervisor Thomson, Ms. Padilla-Scholtens advised that there was 4-6 cost centers for the fair and that requested cost center reporting information had been asked for 6 weeks ago but was not provided prior to the report being presented.

Supervisor Hannigan commented that the process wasn't working and noted that a challenge the fair management had was that they don't have expertise to make the shift in reporting. She commented on the importance of moving forward to have more oversight over the fair and look at what path to take to fix the issue. She noted that some changes had already taken place.

Ms. Padilla-Scholtens advised that staff had assisted with putting a cost center accounting structure in place approximately 10 to 15 years ago and that the same issues were brought up many years ago. She then noted that the administrative overhead was being provided as its own cost center, not allocated across cost centers, and that there was a need to have it allocated.

Supervisor Spering noted that the first step was whether the fair should be continued and if the County and SCFA decided that it should be continued, then the second question needed to be how to do it. He commented that the SCFA needed to take a look at how they operated and restructure.

Ms. Padilla-Scholtens advised that the Board needed to decide on what it wanted the agreement with the SCFA to include and what it wanted the SCFA to continue to do.

Supervisor Spering advised that the first step was to determine whether the fair was to continue and if so, then look at which organization the fair would be ran by and how. He noted that there needed to be a discussion by the SCFA on how to reorganize and meet the challenges of the fair.

Chair Vasquez commented on the need to look at responsibilities, cost allocations and CalPERS obligations and come up with a different set of rules moving forward.

Supervisor Spering recommended a joint meeting of the Board and SCFA to discuss the issues. He commented on the need for financial, redevelopment and entertainment disciplines appointed to the SCFS. He advised that a performance audit of the SCFA would be needed and felt that it would assist with determining what needed to change. Lastly, he commented on the need for the SCFA to be willing to change.

Supervisor Hannigan commented on the need for someone in the Auditor's office to be assigned to the fair to oversee the accounting process.

Ms. Padilla-Scholtens advised that the fair controller could be required to submit a report monthly at the cost center level that could be reviewed by the Auditor for any issues. She noted that the SCFA had its own reporting system and would have to email the report to the Auditor.

In response to a question from Supervisor Hannigan, Ms. Padilla-Scholtens advised that there could be a discussion with the SCFA about entering its financial reporting information into the County's system.

Supervisor Thomson commented on the need for the SCFA to change and noted his agreement with having a meeting with the SCFA to determine what it wanted to do and how to move forward to prevent losses.

Chair Vasquez invited members of the public to address the Board on this matter and the following comments were received:

A) Mike Ioakimedes, CEO of SCFA, commented on the need to separate county assets from the SCFA balance sheets and advised that the challenge was that there was a need to figure out what the SCFA relationship was to the County. He noted that the SCFA will be looking at this on November 14th. He also noted that the SCFA had no direct relationship with CalPERS.

Ms. Padilla-Scholtens noted that SCFA staff reported its data to the Auditor staff who then reported it to CalPERS.

Mr. Ioakimedes noted that any relationship with CalPERS was through the County and that the pension liability was calculated and disseminated to the SCFA by the Auditor

In response to a question from Chair Vasquez, Ms. Padilla-Scholtens noted that GASB reporting requirements did apply that it was up to the entity to decide how to deal with the pension liability.

Mr. Ioakimedes advised that SCFA was already moving in the direction the Board was indicating and that he would get more information in the next week.

In response to questions from Supervisor Spering, Mr. Ioakimedes noted that the SCFA was maintaining buildings and that AB1499 enabled funds to start coming in beginning the spring of 2019 for deferred maintenance. He advised that revenue generated on site was only in terms of maintenance.

Supervisor Spering commented on the possibility of transferring assets from the SCFA ledger and asked if the move would also transfer maintenance funds to the County.

Mr. Ioakimedes noted that it conceptually could but that the funding mechanism had not yet started.

In response to comments from Chair Vasquez, Ms. Padilla-Scholtens advised that records maintained at the fairgrounds by the controller were the books of the Solano County Fair and that keeping the records was a requirement of the agreement between the County and the SCFA. She noted that the books of the fair belonged to the County and that the assets were on the books because of this. She then advised that money received by SCFA for the buildings was on behalf of the County and that the money would go to the County if the management went back to the County.

Supervisor Spering noted a need for the SCFA to be willing to change how it operated.

Supervisor Thomson commented on the need to look at every place to cut costs when an organization was in trouble and asked if the Business Development Manager position could be cut.

Mr. Ioakimedes advised that the SCFA was not anticipating filling the position and would be evaluating the position of Chief Financial Officer position to bring in an accounting type person instead. He noted that the SCFA would be looking at everything and commented on the need for a month to month relationship with the Auditor instead of waiting on audits.

Attachments: A - Fair Governance Subcommittee Agendas

 C - SCFA By-Laws
 Minute Order

Assistant County Administrator Nancy Huston provided an overview of the status of the Solano County Fair Governance Subcommittee activities.

Chair Vasquez advised that the SCFA Board of Directors could operate with a five person board.

In response to a question from Supervisor Hannigan, Ms. Huston noted that the draft bylaws would eventually be brought to the Board for final approval in conjunction with the fair management agreement.

Supervisor Thomson advised that there was a conflict between the SCFA Board of Directors' subcommittee and the Board of Supervisors' subcommittee regarding the appointment process for the SCFA Board of Directors. He noted that the SCFA Directors were busy and sit on a number of other subcommittees and requested that the number of the appointments to the SCFA Board of Directors be looked at later.

Supervisor Brown commented that there was a conflict with the bylaws and noted that the subcommittees had been talking about the footprint of the fair.

Supervisor Thomson asked that the subcommittee meeting be moved as he had a conflict due to the Delta Stewardship Council.

Ms. Huston advised that staff would work with the Supervisors' calendars to reschedule the meeting.

Chair Vasquez invited members of the public to address the Board on this matter and the following comments were received:

A) Mike Ioakimedes, CEO of the SCFA, commented on the bylaws and the need for a strong structure and a few more people at the top to assist the SCFA.

Assistant County Administrator Nancy Huston advised that staff was working very closely with the City of Vallejo on this project and was also working on improving fencing area around the demolition to keep the area clean and maintained.

In response to a question from Supervisor Spering, Ms. Huston noted that staff was looking at the accounting to see if there was any savings with the demolition and would be bringing any opportunities for other activities back to the Board.

Supervisor Spering commented on the need for the demolition site be groomed and cleaned up and asked that staff bring back the savings for direction from the subcommittee before any money was spent on the fence or anything else.

In response to a question from Chair Vasquez, Mr. Emlen advised that the ordinance would freeze things until the matter of the guidelines for commercial cannabis activities could be determined.

In response to a question from Supervisor Hannigan, Mr. Emlen advised that the intent was for staff to come back with an initial assessment and noted that preliminary feedback now was fine.

Supervisor Hannigan commented on the need to get to a decision quickly.

Supervisor Brown commented on prior discussions regarding cannabis events requiring the applications to come back to the Board for approval.

Supervisor Hannigan commented on the last cannabis event at the fairgrounds, noting that it was smoke-free with no consumption.

In response to a question from Supervisor Hannigan regarding the need for the moratorium, Ms. Avery advised that the moratorium would clarify the process.

Chair Vasquez noted that the moratorium would give staff time to develop guidelines.

Chair Vasquez invited members of the public to address the Board on this matter and the following comments were received:

A) Mike Ioakimedes, CEO of the Solano County Fair Association, commented on the SCFA guidelines for cannabis events and noted that the permit was dependent on local authorization before an event could happen.

Mr. Ioakimedes noted that the applicant would have to come to the Board before it could go to the state.

Mr. Emlen advised that there needed to be a process in place first.

Chair Vasquez closed the public hearing.

On motion of Supervisor Spering, seconded by Supervisor Hannigan, the Board adopted Ordinance No. 2018-1800, a 45-day Interim Urgency Ordinance prohibiting temporary cannabis events in unincorporated Solano County; and Set a public hearing on December 11, 2018 to consider further action on the urgency ordinance or a possible permanent ordinance addressing temporary cannabis events.
