APPROPRIATIONS LIMIT OF \$2,478,573 FOR FISCAL YEAR 2025/26 AND DELEGATING

FY2025/26**

WHEREAS, under California Government Code section 7910 and Article XIII B of the California Constitution, the Solano County Board of Supervisors shall establish the appropriations limits for the Montezuma Fire Protection District, the Suisun Fire Protection District and the Vacaville Fire Protection District; and

WHEREAS, pursuant to the provisions of California Government Code section 7910 and Article XIII B of the California Constitution, the appropriations limits are based on the appropriations limits for the prior fiscal year adjusted for the change in the cost-of-living and the change in population; and

WHEREAS, the County may annually select the cost-of-living factor to be used by the Auditor-Controller in establishing the appropriations limits from either (a) the percentage change in California per capita personal income from the preceding year, or (b) the percentage change in the local assessment roll from the preceding year due to the addition of non-residential new construction; and

WHEREAS, although the County may select the option most advantageous to the County, the only data available at this time is the change in the per capita personal income, as the assessment roll change data is not available until mid-July; and

WHEREAS, the Auditor-Controller has thus calculated the figures for the Fiscal Year 2025/26 appropriations limits, based upon the per capita personal income factor, as set forth below; and

WHEREAS, the County will use the per capita personal income factor for establishing the Fiscal Year 2025/26 appropriations limits, but reserves the right to select the higher of the two factors, and not be bound by the per capita personal income factor, once the local assessment roll data becomes available; and

WHEREAS, the Auditor-Controller has determined that, using the per capita personal income factor, the appropriations limits for the Fiscal Year 2025/26 for the following special districts should be:

Montezuma Fire Protection District	\$1,747,491
Suisun Fire Protection District	\$1,375,066; and
Vacaville Fire Protection District	\$2,478,573

WHEREAS, under Government Code section 7910, any judicial action or proceeding to attack, review, set aside, void, or annul the appropriations limits established by the Solano County Board of Supervisors shall be commenced within 45 days of the effective date of this resolution.

RESOLVED, the Solano County Board of Supervisors establishes the appropriations limits for Fiscal Year 2025/26 as follows:

Montezuma Fire Protection District	\$1,747,491
Suisun Fire Protection District	\$1,375,066; and
Vacaville Fire Protection District	\$2,478,573

RESOLVED, the Solano County Board of Supervisors reserves the right, power, and authority to use the percentage change in the local assessment roll method for calculating the appropriations limits for Fiscal Year 2025/26, and delegating authority to the Auditor-Controller to implement the most advantageous method for establishing the appropriations limit for FY2025/26.
