The Northwoods project team will conduct a solution review to ensure that the system's configuration baselines are accurate.

A configuration baseline is a collection of similar configuration items that constitute the system configuration at a specific point in time. Creating and maintaining baselines is important because it provides a structure for orderly development of the system. Each new baseline, and its associated changes, collectively represents the evolution of the system. As the system evolves, changes are more strictly documented and controlled.

Baseline categories include:

- Conceptual Baseline (changes not controlled): Provides direction to project scope and serves as a reference point to focus future work. (Baseline of existing processes)
- Functional Baseline (changes loosely controlled): Represents requirements that capture the needs of the customer. (Baseline of proposed processes)
- Preliminary Baseline (changes moderately controlled): Establishes the benchmark configuration once requirements are approved. (Baseline of configured processes)
- Test Baseline (changes strictly controlled): Reflects the configuration release for testing. (Baseline of configured processes after solution review)
- Production Baseline (changes by change order only): Reflects a completed, client-accepted system that is ready for the production release. (Baseline of approved processes)

e) Training

Northwoods will provide Solano HSSD with end-user training. Training ensures that an agency's workers know how to use the solution, allowing the agency to minimize disruption to daily workloads as the solution goes live.

Training activities associated with this project are described, in detail, in the following subsections:

e) Deliverables

The following project deliverables are subsidiary elements of the final project product, each with its own separate but interdependent deliverable scope:

- Business Process Analysis
- Functional Specifications Document
- System Testing Results
- Training
- System Administrator Training

Deliverable review procedures are described in “Attachment D: Deliverable Review Procedures” while deliverable acceptance criteria for this project’s deliverables are provided in “Attachment E: Deliverable Acceptance Criteria”.

f) Project Acceptance

The following acceptance criteria are used to acknowledge acceptance of the final project deliverable:

- All Northwoods-assigned project work requirements have been completed.
- All project deliverables have been accepted.

The Northwoods Project Manager submits a Project Acceptance form once project acceptance criteria have been achieved. The Solano HSSD Project Sponsor, or authorized designee, evaluates whether the final project deliverable meets project acceptance criteria listed above. If the final project deliverable meets the project acceptance criteria, the Solano HSSD Project Sponsor, or authorized designee, signs the Project Acceptance form within five business days to acknowledge acceptance of the project.

Should the final project deliverable fail to conform to acceptance criteria, the Solano HSSD Project Sponsor, or authorized designee, documents any deficiencies in the Project Acceptance form and returns the form to the Northwoods Project Manager within five business days. The Northwoods Project Manager then facilitates corrective action and resubmits the Project Acceptance form once corrective action is complete. If the Project Acceptance form is not returned to the Northwoods Project Manager within five business days, the project is considered accepted by the customer.

5. LIMITED WARRANTY.

- a. Limited Warranty of Services. Northwoods warrants that the Support Services shall be performed in a good and workmanlike manner and substantially according to industry standards. In order to assert any claim that any Support Services fail to conform to this limited warranty, Licensee must notify Northwoods in writing of such claim within thirty (30) days after the date the alleged non-conforming Services are completed. If, after such timely notice from Licensee, the Support Services in question are determined not to conform to this limited warranty, Northwoods' sole obligation, and Licensee's sole remedy, shall be for Northwoods to use commercially reasonable efforts to re-perform the nonconforming Support Services in an attempt to correct the nonconformity. If Northwoods is unable to correct such nonconformity after a reasonable period of time, Licensee's sole and exclusive remedy shall be termination of this Agreement in accordance with Section 7(b)(3)(B). This warranty specifically excludes non-performance issues caused as a result of any circumstances described in Section 2(d), incorrect data or incorrect procedures used or provided by Licensee or a third party, or failure of Licensee to perform and fulfill its obligations under this Agreement or the EULA.
- b. No Warranty of Patches, Upgrades and Fixes. The EULA shall govern any limited warranty or disclaimer relating to Patches, Upgrades and Fixes of the Covered Software provided to Licensee under this Agreement, and no warranty is given under this Agreement with respect to Patches, Upgrades and Fixes.

NORTHWOODS DOES NOT WARRANT THAT ANY SUPPORT SERVICES, SOFTWARE OR PATCHES, UPGRADES AND FIXES PROVIDED WILL SATISFY LICENSEE'S REQUIREMENTS OR ARE WITHOUT DEFECT OR ERROR, OR THAT THE OPERATION OF ANY SOFTWARE OR PATCHES, UPGRADES AND FIXES WILL BE UNINTERRUPTED. NORTHWOODS DOES NOT ASSUME ANY LIABILITY WHATSOEVER WITH RESPECT TO ANY THIRD-PARTY HARDWARE, FIRMWARE, SOFTWARE OR SERVICES.

6. LIMITATIONS OF LIABILITY. IN NO EVENT SHALL NORTHWOODS' AGGREGATE LIABILITY UNDER THIS AGREEMENT EXCEED THE AGGREGATE AMOUNTS PAID BY LICENSEE TO NORTHWOODS UNDER THIS AGREEMENT DURING THE CURRENT TERM OF THIS AGREEMENT. IN NO EVENT SHALL NORTHWOODS BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO ANY LOST PROFITS, LOST SAVINGS, BUSINESS INTERRUPTION DAMAGES OR EXPENSES, THE COSTS OF SUBSTITUTE SOFTWARE OR SERVICES, LOSSES RESULTING FROM ERASURE, DAMAGE, DESTRUCTION OR OTHER LOSS OF FILES, DATA OR PROGRAMS OR THE COST OF RECOVERING SUCH INFORMATION, OR OTHER PECUNIARY LOSS, EVEN IF NORTHWOODS HAS BEEN ADVISED OF THE POSSIBILITIES OF SUCH DAMAGES OR LOSSES. THIS LIMITATION INCLUDES ANY LOSS RESULTING FROM SERVER FAILURE THAT WAS NOT DIAGNOSED DURING A SERVER HEALTH CHECK CONDUCTED BY NORTHWOODS.

7. TERM, RENEWAL AND TERMINATION.

Subject to the early termination provisions of Section 7(b), the initial term of this Agreement (the "Initial Term") shall commence on the day that Northwoods issues to Licensee license codes for the Covered Software modules licensed by Licensee under the EULA and shall expire on the first anniversary of such date. Except as otherwise provided in Section 7(c)(3) below, the Agreement will automatically renew for consecutive one (1) year terms upon the payment by Licensee of the next year's Software Support fee.
- b. Early Termination.
 - 1) *Automatic*. This Agreement shall terminate automatically, without any other or further action on the part of either of the parties, immediately upon any termination of the EULA.
 - 2) *By Northwoods for Cause*. Northwoods shall be entitled to give written notice to Licensee of any breach by Licensee or other failure by Licensee to comply with any material term or condition of the EULA or this Agreement, specifying the nature of such breach or non-compliance and requiring Licensee to cure the breach or non-compliance. If Licensee has not cured, or commenced to cure (if a cure cannot be performed within the time period set forth below), the breach or non-compliance within (A) in the case of non-payment, any breach of Section 1 of the EULA, or any breach of Section 3 of this Agreement, ten (10) calendar days after receipt of such written notice, or (B) in the case of any other breach or non-compliance, twenty (20) business days after receipt of such written notice, Northwoods shall be entitled, in addition to any other rights it may have hereunder, or otherwise at law or in equity, to immediately terminate this Agreement.

Licensee shall be entitled to give written notice to Northwoods of any breach by Northwoods or other failure by Northwoods to comply with any material term or condition of this Agreement, specifying the nature of such breach or non-compliance and requiring Northwoods to cure the breach or non-compliance. If Northwoods has not cured, or commenced to cure (if a cure cannot be performed within the time period set forth below), the breach or non-compliance within twenty (20) business days after receipt of written notice, Licensee shall be entitled, in addition to any other rights it may have under this Agreement, or otherwise at law or in equity, to immediately terminate this Agreement; and thereafter, so long as Licensee has complied in all material respects with its obligations under the EULA and this Agreement, and is current on all payment obligations under the EULA and this Agreement, Licensee shall be entitled to a refund from Northwoods of the "unused portion of the annual support fees" for the then-current term of this Agreement. For these purposes, the "unused portion of the annual support fees" shall mean that portion of the annual support fees paid by Licensee with respect to the term of this Agreement during which such termination of this Agreement is effective, equal to the total of such annual support fees multiplied by a fraction, the numerator of which shall be the number of calendar months during the then-current term of this Agreement that remain until the end of such then-current term, commencing with the calendar month after the calendar month in which such termination is effective, and the denominator of which shall be the total number of calendar months in such then-current term determined without regard to such termination.
- e. Non-Renewal. Licensee may elect not to renew this Agreement at the end of the then-current term of this Agreement by written notice to Northwoods on or prior to the date payment is due under Section 4(c)(1) of Northwoods' invoice for annual support fees for the next succeeding renewal term of this Agreement.
 - 1) *By Either Party in Accordance with Section 8*. Either party may terminate this Agreement in accordance with the procedures set forth in Section 8.

f. Effect of Termination.

- 1) *Payments.* Notwithstanding any termination of this Agreement, Licensee shall be obligated to pay Northwoods for (A) all Support Services provided on a time and materials basis in accordance with this Agreement at any time on or prior to the effective date of termination; (B) all annual support fees due with respect to any period commencing prior to the effective date of termination; and (C) all incidental costs and expenses incurred by Northwoods at any time on or prior to the effective date of termination. All such payments shall be made in accordance with Section 4, which shall survive any such termination for these purposes. All such costs and expenses shall not exceed the maximum contract amount indicated in Exhibit B of this contract.
- 2) *Survival of Obligations.* The termination of this Agreement will not discharge or otherwise affect any pre-termination obligations of either party existing under the Agreement at the time of termination. The provisions of this Agreement which by their nature extend beyond the termination of the Agreement will survive and remain in effect until all obligations are satisfied, including, but not limited to, Sections 2(a)(3) and 2(c)(3) (as they relate to title and ownership), Section 4(d), Section 5(c), Section 6, Section 7, Section 9 and Section 10. No action arising out of this Agreement, regardless of the form of action, may be brought by Licensee more than one (1) year after the date the action accrued.
- 3) *Reinstatement of Agreement.* In the event of the termination of this Agreement by Licensee under Section 7(b)(3)(C) (Non-Renewal), Licensee may at any time after the effective date of such termination elect to reinstate this Agreement in accordance with this Section 7(c)(3). To obtain reinstatement, Licensee shall deliver written notice to such effect to Northwoods, together with payment in full of: (A) annual support fees, based upon Northwoods' Annual Support Fee Schedule in effect as of the time of such reinstatement, for all periods (as determined under Section 7(a) as if the Agreement had not been terminated under Section 7(b)(3)(C)) that have elapsed from the effective date of such termination through the effective date of such reinstatement; and (B) an amount equal to one hundred ten percent (110%) of the annual support fee, based upon Northwoods' Annual Support Fee Schedule in effect as of the time of such reinstatement, for the renewal term of this Agreement commencing on the effective date of such reinstatement. Any reinstatement under this Section 7(c)(3) shall be effective as of the first business day after Northwoods has received the notice of reinstatement and all payments required to be made hereunder in connection with such reinstatement. The renewal term commencing with the effective date of this Agreement shall be for a period ending on the first annual anniversary of such effective date; and thereafter the term of this Agreement shall be renewed: (i) at the end of such first renewal term, for a period of one year; and (ii) thereafter, annually on a year-by-year basis.

EXCEPT AS EXPRESSLY PROVIDED BY THIS SECTION 7(c)(3), LICENSEE SHALL HAVE NO RIGHT TO REINSTATE THIS AGREEMENT FOLLOWING THE TERMINATION THEREOF FOR ANY REASON.

8. **FORCE MAJEURE.** No failure, delay or default in performance of any obligation of a party to this Agreement (except the payment of money) shall constitute a default or breach to the extent that such failure to perform, delay or default arises out of a cause, existing or future, beyond the control (including, but not limited to: action or inaction of governmental, civil or military authority; fire; strike, lockout or other labor dispute; flood; war; riot; theft; earthquake; natural disaster or acts of God; national emergencies; unavailability of materials or utilities; sabotage; viruses; or the act, negligence or default of the other party) and without negligence or willful misconduct of the party otherwise chargeable with failure, delay or default. Either party desiring to rely upon any of the foregoing as an excuse for failure, default or delay in performance shall, when the cause arises, give to the other party prompt notice in writing of the facts which constitute such cause; and, when the cause ceases to exist, give prompt notice of that fact to the other party. This Section 8 shall in no way limit the right of either party to make any claim against third parties for any damages suffered due to said causes. If any

performance date by a party under this Agreement is postponed or extended pursuant to this Section 8 for longer than ninety (90) calendar days, the other party, by written notice given during the postponement or extension, and at least thirty (30) days prior to the effective date of termination, may terminate this Agreement.

9. **NOTICES.** Unless otherwise agreed to by the parties in a writing signed by both parties, all notices required under this Agreement shall be deemed effective: (a) when sent and made in writing by either (1)(A) registered mail, (B) certified mail, return receipt requested, or (C) overnight courier, in any such case addressed and sent to the address set forth herein and to the attention of the person executing this Agreement on behalf of that party or that person's successor, or to such other address or such other person as the party entitled to receive such notice shall have notified the party sending such notice of; or (2) facsimile transmission appropriately directed to the attention of the person identified as the appropriate recipient and at the appropriate address under (a)(1) above, with a copy following by one of the other methods of notice under (a)(1) above; or (b) when personally delivered and made in writing to the person and address identified as appropriate under (a)(1) above.

10. GENERAL PROVISIONS.

- a. **Jurisdiction.** This Agreement and any claim, action, suit, proceeding, or dispute arising out of this Agreement shall in all respects be governed by, and interpreted in accordance with the laws of the State of California as provided in Exhibit C section 28 of this contract.
- b. **Interpretation.** Headings used in this Agreement are for reference and convenience purposes only and shall not in any way limit or affect the meaning or interpretation of any of the terms hereof. All defined terms in this Agreement shall be deemed to refer to the masculine, feminine, neuter, singular or plural, in each instance as the context or particular facts may require. Use of "hereunder," "herein," "hereby" and similar terms refer to this Agreement.
- c. **Waiver.** No waiver of any right or remedy on one occasion by either party shall be deemed a waiver of such right or remedy on any other occasion.
- d. **Integration.** This Agreement, including any and all exhibits and schedules referred to herein or therein, sets forth the entire agreement and understanding between the parties pertaining to the subject matter and merges all prior discussions between them on the same subject matter. Neither of the parties shall be bound by any conditions, definitions, warranties, understandings or representations with respect to the subject matter other than as expressly provided in this Agreement. This Agreement may only be modified by a written document signed by duly authorized representatives of the parties. This Agreement shall not be supplemented or modified by any course of performance, course of dealing or trade usage. Variance from or addition to the terms and conditions of this Agreement in any purchase order or other written notification or documentation, from Licensee or otherwise, will be of no effect unless expressly agreed to in writing by both parties. This Agreement will prevail over any conflicting stipulations contained or referenced in any other document.
- e. **Binding Agreement and Assignment.** This Agreement shall be binding upon and shall inure to the benefit of the parties and their respective successors and permitted assigns. Northwoods may assign this Agreement or its rights or obligations under this Agreement, in whole or in part, to any other person or entity. Licensee may not assign this Agreement or its rights or obligations under this Agreement, in whole or in part, to any other person or entity without the prior written consent of Northwoods. Any change in control of Licensee resulting from an acquisition, merger or otherwise shall constitute an assignment under the terms of this provision. Any assignment made without compliance with the provisions of this Section 10(e) shall be null and void and of no force or effect.
- f. **Severability.** In the event that any term or provision of this Agreement is deemed by a court of competent jurisdiction to be overly broad in scope, duration or area of applicability, the court considering the same will have the power and is hereby authorized and directed to limit such scope, duration or area of applicability, or all of them, so that such term or provision is no longer overly broad and to enforce the same as so limited. Subject to the foregoing sentence, in the event any

provision of this Agreement is held to be invalid or unenforceable for any reason, such invalidity or unenforceability will attach only to such provision and will not affect or render invalid or unenforceable any other provision of this Agreement.

- g. Independent Contractor. The parties acknowledge that Northwoods is an independent contractor and that it will be responsible for its obligations as employer for those individuals providing the Support Services.
- h. Export. Licensee agrees to comply fully with all relevant regulations of the U.S. Department of Commerce and all U.S. export control laws, including but not limited to the U.S. Export Administration Act, to assure that the Patches, Upgrades and Fixes are not exported in violation of United States law.
- i. Injunctive Relief. The parties to this Agreement recognize that a remedy at law for a breach of the provisions of this Agreement relating to confidential information and intellectual property rights will not be adequate for Northwoods' protection and, accordingly, Northwoods shall have the right to obtain, in addition to any other relief and remedies available to it, specific performance or injunctive relief to enforce the provisions of this Agreement.

ATTACHMENT B: END USER LICENSE AGREEMENT (EULA)

IMPORTANT- READ CAREFULLY

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and intending to be legally bound, the parties hereto agree as follows:

1. LICENSE.

- a. Software licensed, not sold, for use pursuant to the EULA (“Software”):
 - 1) Compass-branded Software modules with respect to which Licensee properly submits a written purchase order to, and pays Software license fees to, Northwoods or its authorized solution provider. All such modules listed on Northwoods’ invoices submitted to Licensee shall, upon payment in full of the Software license fees, automatically be deemed to be added to the Software described in this EULA, whether or not the parties actually amend this EULA.
 - 2) All “Upgrades or Enhancements” to the Software described in paragraph (1) above that Licensee properly obtains pursuant to the terms of a Software Maintenance Agreement between Licensee and Northwoods or its authorized solution provider.
- b. Subject to payment in full of the Software license fees, Northwoods grants to Licensee a perpetual (except as herein provided), non-exclusive, non-assignable (except as herein provided), limited license to the Software detailed in subsection (a) above, in machine-readable object code form only, solely for use by Licensee internally, and only for capturing, storing, processing and accessing Licensee’s own data, and not for use for the processing of third-party data as a service bureau, application service provider or otherwise. Licensee shall not make any use of the Software in any manner not expressly permitted by this EULA.
- c. Licensee acknowledges that each module of the Software is licensed for a specific type of use, such as concurrently or on a specified workstation or by a specified individual and that the Software controls such use. Use of software or hardware that reduces the number of clients directly accessing or utilizing the Software (sometimes called “multiplexing” or “pooling” software or hardware) does not reduce the number of Software licenses required. The required number of Software licenses would equal the number of distinct inputs to the multiplexing or pooling software or hardware. Licensee is prohibited from using any software other than the Software Client modules or Software API modules to access the Software or any data stored in the Software database for any purpose other than generating reports or statistics regarding system utilization, unless Northwoods has given its prior written consent to Licensee’s use of such other software and Licensee has paid to Northwoods Software license fees with respect to such access to the Software or data stored in the Software database in accordance with Northwoods’ licensing policies applicable to the Software modules that provide access to the Software application modules and data stored in the Software database.
- d. Licensee shall be entitled to use one (1) production copy of each Software module licensed. In addition, Licensee shall be entitled to license: one (1) additional copy of each Software module licensed for customary remote disaster recovery purposes (“Disaster Recovery System”); and one (1) additional copy of each Software module licensed to be used exclusively in a non-production environment and solely for the purposes of experimenting, development, integrating and testing the Software and training Licensee’s employees on the Software (“Test System”). Northwoods reserves the right to further define the permitted use(s) and/or restrict the use(s) of the Test System. NORTHWOODS MAKES NO WARRANTIES WITH RESPECT TO ANY SOFTWARE USED IN ANY NON-PRODUCTION SYSTEM AND PROVIDES THE SOFTWARE “AS IS.” Licensee’s sole recourse in the event of any dissatisfaction with any Software used in any non-production system is to stop using such Software and return it to Northwoods. Licensee shall not make additional copies of the Software.
- e. Licensee agrees: (1) not to remove, obscure, make illegible, or alter any Northwoods, Compass or other proprietary notices, trademarks, logos, or copyrights in the Software from any packaging or documentation; (2) not to distribute, reproduce, sell, transfer, rent, lease or sub-license the Software or documentation to any third party; (3) not to alter or modify the Software; (4) not to reverse engineer, disassemble, decompile or attempt to derive source code from the Software, or prepare

- derivative works therefrom; and (5) not to publish to a third party any results of benchmark tests run on the Software without Northwoods' prior, written consent.
- f. Licensee may not assign, transfer or sublicense all or part of this EULA without the prior written consent of Northwoods.
 - g. Licensee may not make any use of the Disaster Recovery System in a production environment concurrently with the operation of any other copy of the Software in a production environment.
 - h. From time-to-time Northwoods may make "beta" copies of prospective new versions of the Software or of potential new software modules ("Beta Software") available for Licensee's use in the Test System and Licensee may elect to license and use the Beta Software in the Test System. LICENSEE ACKNOWLEDGES AND UNDERSTANDS THAT ANY BETA SOFTWARE IS A PRE-RELEASE VERSION ONLY, IS STILL UNDERGOING TESTING AT NORTHWOODS AND IS NOT A NORTHWOODS COMMERCIALY RELEASED PRODUCT. Except for the provisions of Section 5(a), (b) and (c) and Section 7 of this EULA, which shall not apply with respect to any Beta Software, Licensee acknowledges and agrees that all Beta Software delivered in accordance with this paragraph shall be considered to be "Software" for all purposes of this EULA. Notwithstanding anything to the contrary, as to any Beta Software, this EULA and the limited license granted hereby will terminate on the earliest of: (a) ten (10) days after the date of delivery by either party to the other party of written notice of termination of the beta testing period for such Beta Software; or (b) the date of Northwoods' commercial release of the final version of such Beta Software for licensing to its end users generally. Upon expiration or other termination of such period, Licensee immediately shall discontinue any and all use of the Beta Software and related documentation and remove or permit Northwoods to deactivate the Beta Software. The termination of this EULA, as to any Beta Software, shall not affect the continuation of this EULA as to any other Software that has been licensed and is in use by Licensee in accordance with the terms of this EULA.
 - i. From time-to-time Licensee may elect to evaluate certain Compass® software modules that it has not licensed and does not currently use in its production environment ("Evaluation Software"), for the purpose of determining whether or not to purchase a production license of such Software modules. Evaluation Software is licensed for Licensee's use in Licensee's Test System. Except for the provisions of Section 5(a), (b) and (c) and Section 7 of this EULA, which shall not apply with respect to any Evaluation Software, Licensee acknowledges and agrees that all Evaluation Software delivered in accordance with this paragraph shall be considered to be "Software" for all purposes of this EULA. Notwithstanding anything to the contrary, as to any Evaluation Software, this EULA and the limited license granted hereby will terminate on the earliest of: (a) thirty (30) days after the date such Software is activated for use in Licensee's Test System; or (b) immediately upon the delivery of written notice to such effect to Licensee. Upon expiration or other termination of such period, Licensee immediately shall either (y) discontinue any and all use of the Evaluation Software and related documentation and remove or permit Northwoods to deactivate the Evaluation Software; or (z) deliver payment in full of the license price that has been agreed upon for such Software to Northwoods (if Licensee purchases licenses for Software directly from Northwoods) or to Northwoods' authorized solution provider (if Licensee purchases licenses for Software through such authorized solution provider), and confirm in writing to Northwoods that such Evaluation Software is added as additional Software licensed for Licensee's use in its production environment and Licensee's Test System under this EULA. The termination of this EULA as to any Evaluation Software shall not affect the continuation of this EULA as to any other Software that has been licensed and is in use by Licensee in accordance with the terms of this EULA.
 - j. Upon expiration or other termination of any period of use of any Beta Software or of any Evaluation Software that Licensee elects not to purchase a license for use in Licensee's production environment under this EULA, Licensee agrees that it will provide to Northwoods remote access to Licensee's systems on which such Beta Software or such Evaluation Software is installed for the limited purpose of permitting Northwoods to deactivate such Software.

- 2. OWNERSHIP.** Northwoods owns the Software, including, without limitation, any and all worldwide intellectual property rights, copyrights, patents, trade secrets, trademarks and proprietary and confidential information rights in or associated with the Software. The Software is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. No ownership rights in the Software are transferred to Licensee. Licensee agrees that nothing in this EULA or associated documents gives it any right, title or interest in the Software, except for the limited express rights granted in this EULA.
- 3. INSTALLATION.** Licensee may retain Northwoods or the Northwoods authorized solution provider through which Licensee orders the Software to provide installation services. If Northwoods is retained, the parties will enter into a separate Purchase Agreement or other contract governing the procurement and performance of such services. Unless otherwise provided for in the Purchase Agreement or other contract, Licensee is responsible for hardware and non-licensed software for the installation, operation and support of the Software.
- 4. LICENSEE OBLIGATIONS.** Licensee acknowledges and agrees that it is solely responsible for the operation, supervision, management and control of the Software, including but not limited to providing training for its personnel, instituting appropriate security procedures and implementing reasonable procedures to examine and verify all output before use. In addition, Licensee is solely responsible for its data, its database and for maintaining suitable backups of the data and database to prevent data loss in the event of any hardware or software malfunction.
- 5. LIMITED WARRANTY.**
- a. For a period of sixty (60) days from the date of first installation of the Software at Licensee's site, Northwoods warrants to Licensee that the media on which the Software is distributed are free from defects in materials and in workmanship.
 - 1) For a period of sixty (60) days from the Maintenance Commencement Date (as defined below), Northwoods warrants to Licensee that the Software, when properly installed and properly used, will operate substantially in accordance with the user documentation published by Northwoods related to the Software that is included with the Software, including user manuals, and that relates to the functional, operational or performance characteristics of the Software ("Documentation"). The terms of this warranty shall not apply to, and Northwoods shall have no liability for, any non-conformity related to any Software that has been: (i) modified by Licensee or a third party; (ii) used in combination with equipment or software other than that which is consistent with the Documentation; or (iii) misused or abused. Northwoods does not warrant that the functions contained in the Software will meet Licensee's requirements or that the operation of the Software will be uninterrupted or error free.
 - 2) For purposes of this warranty, the term "Maintenance Commencement Date" as to any Software means the first date that: (i) a copy of the Software has been delivered to Licensee (either by shipment of media containing the Software, downloading of the Software onto Licensee's systems in connection with the installation of the Software, or the Software being made available for download by Licensee from a web site identified to Licensee); and (ii) license codes or a Software certificate necessary for Licensee to activate the Software for use have been delivered to Licensee or made available for download by Licensee.
 - b. Licensee's sole and exclusive remedy for a breach of the express limited warranties under paragraph (a) or (b) shall be as follows. Provided that, within the applicable 60-day period, Licensee notifies Northwoods in writing of the non-conformity, Northwoods will either: (1) repair or replace the non-conforming media or Software, which in the case of the Software may include the delivery of a commercially reasonable workaround for the non-conformity; or (2) if Northwoods determines that repair or replacement of the non-conforming media or Software is not commercially practicable, then terminate this EULA with respect to the Software associated with the non-conforming media or with respect to the non-conforming Software, in which event, upon compliance by Licensee with its obligations under Section 9, Northwoods will refund any portion

of the Software license fees paid prior to the time of such termination with respect to such Software.

- c. NORTHWOODS AND ITS SUPPLIERS DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND THOSE ARISING BY STATUTE OR OTHERWISE IN LAW OR FROM A COURSE OF DEALING OR USAGE OF TRADE. LICENSEE SPECIFICALLY ASSUMES RESPONSIBILITY FOR THE SELECTION OF THE SOFTWARE TO ACHIEVE ITS BUSINESS OBJECTIVES.
- d. No oral or written information given by Northwoods, its agents, or employees shall create any additional warranty. No modification or addition to this warranty is authorized unless it is set forth in writing, references this EULA, and is signed on behalf of Northwoods by a corporate officer.

6. LIMITATION OF LIABILITY. IN NO CASE SHALL NORTHWOODS' LIABILITY EXCEED THE AMOUNT OF THE SOFTWARE LICENSE FEES ACTUALLY PAID BY LICENSEE. IN NO EVENT WILL NORTHWOODS OR ITS DIRECT OR INDIRECT SUPPLIERS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES OR OTHER PECUNIARY LOSS ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR ANY USE OR INABILITY TO USE THE SOFTWARE, EVEN IF NORTHWOODS OR SUCH SUPPLIERS HAVE BEEN ADVISED OF THE POSSIBILITIES OF SUCH DAMAGES. NORTHWOODS AND ITS SUPPLIERS ARE NOT RESPONSIBLE FOR ANY COSTS INCLUDING, WITHOUT LIMITATION, LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF DATA OR INFORMATION, THE COST OF RECOVERING SUCH DATA OR INFORMATION, THE COST OF SUBSTITUTE SOFTWARE, OR CLAIMS BY THIRD PARTIES.

7. MAINTENANCE. Licensee may purchase software support services from Northwoods or the Northwoods authorized solution provider through which Licensee has ordered the Software pursuant to the terms of a separate Software Support Agreement.

8. INVOICES AND PAYMENTS. An invoice will be provided to the Licensee within ten (10) business days from the date the software is delivered to the Licensee and will be due payable within thirty (30) days after receipt of invoice, unless otherwise indicated in Exhibit B-1 of this contract. Failure to remit payment within thirty (30) days may result in the termination of this EULA.

9. AUDIT RIGHTS. Northwoods may audit the records of Licensee to ensure compliance with the terms of this EULA. Northwoods, or its authorized solution provider, will notify Licensee in writing at least ten (10) business days prior to any such audit. Licensee will cooperate by providing access to any books, computers, records, or other information that relate or may be related to use of the Licensed Software. Any such audit will be conducted during Licensee's regular business hours at Licensee's offices and will not interfere unreasonably with Licensee's business activities. If an audit reveals unauthorized use, reproduction, distribution or other exploitation of the Licensed Software, then Licensee will promptly reimburse Northwoods or its authorized solution provider for the cost of such audit, in addition to the underpaid license fees, any associated fees for Maintenance and Support, and any other such rights and remedies as Northwoods may have.

10. TERMINATION. Northwoods may terminate this EULA immediately and any license to use the Software will automatically terminate without notice if Licensee fails to comply with any provision of this EULA. Upon termination of this EULA for any reason, including, but not limited to, those specified in this Section 10 or in Sections 5 or 8, Licensee shall immediately: (a) discontinue any and all use of the Software and related documentation; (b) return the Software and any related documentation to Northwoods; and (c) certify in writing to Northwoods that Licensee has completed the preceding actions. The obligations of Licensee under the preceding sentence and all disclaimers of warranties and limitations of liability set forth in this EULA shall survive any termination.

11. **DISCLAIMER OF AGENCY.** This EULA does not constitute a partnership agreement, nor does it authorize Northwoods or the Licensee to serve as the legal representative or agent of the other. Neither party hereto will have any right or authority to assume, create, or incur any liability or any obligation of any kind, express or implied, against, in the name of, or on behalf of the other party.
12. **SEVERABILITY.** In the event that a court of competent jurisdiction determines that any portion of this EULA is unenforceable, it shall not affect any other provisions of this EULA.
13. **NOTICE.** All notices, requests or other communications required to be given pursuant to this EULA shall be in writing, shall be addressed to the recipient party at its principal place of business or to such other address as the recipient party may direct in writing, and shall be personally delivered or sent by certified or registered U.S. mail, return receipt requested, or by prepaid commercial overnight courier. All notices, requests or other communications delivered as specified herein shall be deemed to have been given and received on the date personally delivered or on the date deposited in the U.S. mail or with the commercial overnight courier.
14. **GOVERNING LAW.** Exhibit C section 28 of this contract shall govern this EULA, without regard to the conflict of laws principles thereof. The parties mutually agree that the 1980 United Nations Convention on Contracts for the International Sale of Goods, as amended, shall not be applicable with respect to this EULA. Licensee agrees that it will not export or re-export, directly or indirectly, the Software to destinations prohibited by the U.S. Department of Commerce in accordance with the U.S. Export Administration Regulations.
15. **JURISDICTION.** This Agreement and any claim, action, suit, proceeding, or dispute arising out of this Agreement shall in all respects be governed by, and interpreted in accordance with the laws of the State of California, and venue for any action or proceeding arising out of this Agreement shall be Solano County, as provided in Exhibit C section 28 of this contract.
16. **ENTIRE AGREEMENT.** This EULA (including the exhibits and schedules attached hereto) constitutes the entire agreement and understanding of the parties with respect to the subject matter hereof and supersedes all prior and contemporaneous agreements, documents and proposals, oral or written, between the parties with respect thereto. This EULA may be amended or modified only by an agreement in writing signed by each of the parties and may not be modified by course of conduct.
17. **U.S., STATE AND LOCAL GOVERNMENT END USERS.** The terms and conditions of this EULA shall pertain to the Government's use and/or disclosure of the Software and shall supersede any conflicting contractual terms or conditions. By accepting the terms of this EULA and/or the delivery of the Software, the Government hereby agrees that the Software qualifies as "commercial" computer software within the meaning of ALL federal, state and local acquisition regulation(s) applicable to this procurement and that the Software is developed exclusively at private expense. If this license fails to meet the Government's needs or is inconsistent in any respect with federal, state or local law, the Government agrees to return this Software to Northwoods. In addition to the foregoing, where DFARS is applicable, use, modification, reproduction, release, display, or disclosure of the Software or documentation by the Government is subject solely to the terms of this EULA, as stated in DFARS 227.7202, and the terms of this EULA shall supersede any conflicting contractual term or conditions.

ATTACHMENT C: CHANGE MANAGEMENT

Many projects suffer from “scope creep,” “growing requirements,” and changes in plans that ultimately cause unnoticed slippage in the budget and schedule and loss of the control needed to deliver the intended work products according to specifications. Effective Change Management ensures that changes within the project are made in a consistent manner and that key stakeholders are informed of the state of the requested changes and the impact of those changes.

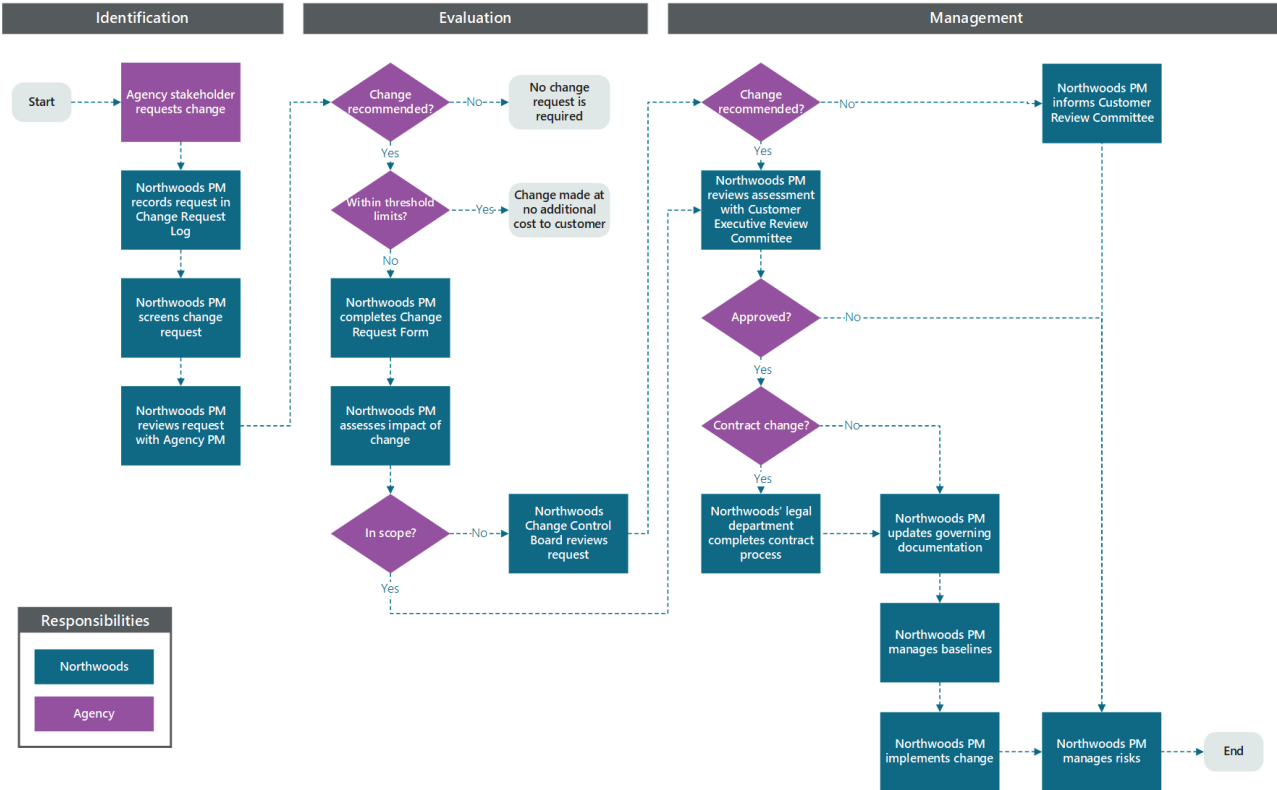

Change Control Process

The purpose of Northwoods’ Change Control Process is to ensure that changes within the project are made in a consistent manner and that key stakeholders are informed of the state of the requested changes and the impact of these changes. Whenever possible, the Northwoods project team works with the Solano HSSD to identify in-scope workarounds for any out-of-scope requests.

The Change Control Process is a three-step process.

1. Identification
2. Evaluation
3. Management

The following diagram represents the Change Control Process for the project.

Identification

A Change Request (CR) form is used to formally initiate a change request. Types of change requests to be initiated using this form include changes to the project.

Any project stakeholder can initiate a change request by submitting a Change Request (CR) form to the Northwoods Project Manager. The Northwoods Project Manager screens the request to determine whether or not there is adequate information for evaluation. The Northwoods Project Manager may request that more information be provided. Once enough information is available to assess the CR, the Northwoods Project Manager reviews the request with the Solano HSSD Project Manager, and they collectively decide if the change should be recommended for further evaluation.

Evaluation

The Northwoods Project Manager and the Solano HSSD Project Manager can jointly accept in-scope or out-of-scope changes whose impact does not exceed the following threshold limits:

- A delay of one or more days to any project deliverable, milestone, or scheduled project completion date
- Scope changes to any project deliverable
- Negative impact on the quality of a project deliverable
- Additional expenditures in excess of \$100 or additional project resources
- Requested changes/enhancements to project products

If the change request exceeds any of the established threshold limits, the Northwoods Project Manager evaluates whether the CR is within the overall scope of the project. If the requested change exceeds the threshold but is within scope of the project, the Northwoods Project Manager refers the CR to the Northwoods Project Management Office (PMO) for a decision. In instances for which the CR exceeds the threshold but is not within scope of the project, the Northwoods Project Manager refers the matter to the Northwoods Change Control Board (CCB), which determines if the change request is to be implemented. The Northwoods Project Manager communicates decisions by the PMO/CCB to the Solano HSSD Project Manager. **All such costs shall not exceed the maximum contract amount indicated in Exhibit B of this contract.**

Requests for product enhancements are submitted to the Northwoods CCB through the Northwoods Project Manager. The Solano HSSD Project Manager is informed when a decision is made and the potential impact on the project.

Management

The Northwoods Project Manager is responsible for implementing approved change requests and managing the risks associated with all approved or rejected change requests. The details surrounding all approved change requests expanding the scope of the project, are provided to each respective legal department to determine if such changes require a change to existing governing project documents or whether additional governing documents are required.

ATTACHMENT D: DELIVERABLE REVIEW PROCEDURES

The tools, techniques, and procedures described in this section are used to create a clear and unambiguous definition of each project deliverable and of the process used to obtain acceptance of each deliverable. To be accepted, all deliverables must be:

- In accordance with the scope of work defined for this project
- Complete and ready for handover
- Reviewed and approved by the Solano HSSD Project Manager in accordance with the defined acceptance criteria for the respective deliverable

Review Methods

Depending on its classification, project deliverables are reviewed through formal evaluation, functional review, or walk-through inspection. The purpose of deliverable classification is to ensure each deliverable receives the appropriate level of review and acceptance based on the characteristics, complexity, and source of the deliverable.

Formal Evaluation: The systematic process of evaluating whether a deliverable meets specifications. Formal evaluations are most appropriate for written deliverables that require review by multiple Solano HSSD SMEs.

Functional Review: The informal and immediate review of a deliverable to gain immediate feedback about content or technical quality. Alterations to the deliverable often occur during the review. Functional reviews are most appropriate for written deliverables or performance-based deliverables within the area of expertise and/or responsibility of a single person or small work group.

Walk-Through Inspection: The informal and immediate examination of material or equipment. The purpose is to validate the completion of a deliverable work activity. Walk-through inspections are most appropriate for performance-based deliverables within the area of expertise and/or responsibility of a single person or small work group.

Functional reviews and walk-through inspections typically allow for faster turnaround time for review and acceptance than formal evaluations. They differ from formal evaluation with their openness of structure in which direct verification occurs at the time of review or inspection.

Formal Evaluation

The following deliverable acceptance procedure describes the formal evaluation process:

1. The Northwoods Project Manager submits a Deliverable Acceptance form (for more information, see the "[Acceptance Log](#)" section of this document) as the deliverable is completed. Within five business days, the Solano HSSD Project Manager and any necessary Solano HSSD SMEs evaluate whether the deliverable meets the acceptance criteria.
2. If the deliverable meets the outlined specifications, the Solano HSSD Project Manager signs the Deliverable Acceptance form acknowledging acceptance of the deliverable. The Solano HSSD Project Manager then returns the form to the Northwoods Project Manager within the five-day review period and no further action is necessary.
3. County's acceptance of Contractor's work shall not constitute a waiver or release of Contractor from professional responsibility.

B. Contractor further represents that Contractor possesses current valid appropriate licensure, including, but not limited to, driver’s license, professional license, certificate of tax-exempt status, or permits, required to perform the work under this Contract.

7. INSURANCE

(1) Cancel this Contract; or,

(2) Offer a contract amendment reflecting the reduced funding.

31. CONFLICTS IN THE CONTRACT DOCUMENTS

In the event of conflict in the Contract documents, the parties agree that the document providing the highest quality and level of service to the County shall supersede any inconsistent term in these documents.

County is not responsible for providing to any other public agency any documentation relating this Contract or its implementation. Any public agency that uses provisions, terms, or pricing of this Contract shall by virtue of doing so be deemed to indemnify and hold harmless County from all claims, demands, or causes of actions of every kind arising directly or indirectly with the use of this Contract. SOLANO COUNTY
PRIVACY AND SECURITY AGREEMENT (PSA)

Northwoods Consulting Partners, Inc.

This Exhibit to the *County of Solano Standard Contract* constitutes a *Contractor Privacy Security Agreement* (“Agreement”) between the County of Solano (“County”) and the contractor or vendor named in Section 1 of the Standard Contract (“Contractor”) and applies to the functions Contractor will perform on behalf of the County (“Services”), that are identified in Exhibit A, Scope of Work, of the Standard Contract.

The County has entered into Data Privacy and Security Agreements (the "**State Agreements**") with the California Department of Health Care Services ("**DHCS**") and California Department of Social Services ("**CDSS**") to ensure the security and privacy of Personally Identifiable Information ("**PII**" as further defined below) covered by the State Agreements. Pursuant to the State Agreements, the County is required to enter into written agreements with all contractors and vendors having access to PII ("**Contractor Privacy and Security Agreements**"). The Contractor Privacy and Security Agreements must impose upon contractors and vendors, at a minimum, the same restrictions and conditions that apply to the County with respect to PII. The State Agreements cover the County Department of Health and Social Services and its staff (County Workers), who access, use, or disclose PII covered by the State Agreements to assist in the administration of programs. "County Worker" is defined in the State Agreements to include County "contractors, subcontractors, vendors and agents." Contractor is therefore required to enter into and maintain compliance with this Agreement as an ongoing condition of the Standard Contract.

The County wishes to disclose certain information to Contractor pursuant to the terms of the Standard Contract and this Agreement, some of which may constitute PII as defined below. In carrying out the Standard Contract, Contractor will or may perform functions or activities in connection with one or more "programs" covered by the State Agreements. "Programs" covered by the State Agreements include, for example and without limitation: CalFresh; California Food Assistance Program (CFAP); California Work Opportunity and Responsibility to Kids Program (CalWORKs); Cash Assistance Program for Immigrants (CAPI); Entrant Cash Assistance (ECA); Refugee Cash Assistance (RCA); Foster Care (FC) (eligibility); Kinship Guardianship Assistance Program (Kin-GAP) (eligibility); Federal Guardianship Assistance Program (Fed-GAP) (eligibility); General Assistance/General Relief (GA/GR); Trafficking and Crime Victims Assistance Program (TCVAP); and California's Medicaid Program (Medi-Cal). County and Contractor agree as follows:

1. DEFINITIONS

For the purpose of this Agreement, the following terms mean:

- b. “**Assist in the administration of the Medi-Cal program**” means performing administrative functions on behalf of Medi-Cal, such as establishing eligibility, determining the amount of medical assistance, and collecting Medi-Cal PII for such purposes, to the extent such activities are authorized by law.

- c. **“Breach”** refers to actual loss, loss of control, compromise, unauthorized disclosure, unauthorized acquisition, unauthorized access, or any similar term referring to situations where persons other than authorized users and for other than authorized purposes have access or potential access to PII, whether electronic, paper, verbal, or recorded.
- d. **“Contractor Staff”** means those employees of Contractor, or any subcontractors, vendors and agents of Contractor performing any functions for the County or Contractor that require access to and/or use of PII and that are authorized by the Contractor or County to access and use PII.
- e. **“PII”** is personally identifiable information that is obtained through the Medi-Cal Eligibility Data System (**“MEDS”**) or Applicant Income and Eligibility Verification System (**“IEVS”**) on behalf of the programs which can be used alone, or in conjunction with any other reasonably available information, to identify a specific individual. The PII includes any information that can be used to search for or identify individuals, or can be used to access their files, including but not limited to, an individual's name, social security number (**“SSN”**), driver's license number, identification number, biometric records, date of birth (**“DOB”**), place of birth, or mother's maiden name. PII may also include any information that is linkable to an individual, such as medical, educational, financial, and employment information. The PII may be electronic, paper, verbal, or recorded, and includes statements made by, or attributed to, the individual. PII as defined in this Agreement includes Medi-Cal PII.
- f. **“Medi-Cal PII”** is information directly obtained in the course of performing an administrative function on behalf of the Medi-Cal that can be used alone, or in conjunction with any other information, to identify a specific individual. Medi-Cal PII includes any information that can be used to search for or identify individuals, or can be used to access their files, including, but not limited to name, SSN, DOB, place of birth, mother's maiden name, driver's license number, or identification number. Medi-Cal PII may also include any information that is linkable to an individual, such as medical, educational, financial, and employment information. Medi-Cal may be electronic, paper, verbal, or recorded and includes statements made by, or attributed to, the individual.
- g. **“Security Incident”** means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of PII, or interference with system operations in an information system which processes PII that is under the control of the County or County's Statewide Automated Welfare System (**“SAWS”**) Consortium, or under the control of a contractor, subcontractor or vendor of the County, on behalf of the county.
- h. **“Secure Areas”** means any area where:

2. PRIVACY AND CONFIDENTIALITY

Disclosures required by law or that are made with the explicit written authorization of the individual client who is the subject of the PII are allowable. Any other use or disclosure of PII requires the express approval in writing by the Solano County Health and Social Services Department. No Contractor Staff shall duplicate, disseminate or disclose PII except as allowed in this Agreement.
- b. Pursuant to this Agreement, Contractor Staff may only use PII to assist in administering their respective programs.
- c. Access to PII shall be restricted to Contractor Staff who need to perform their official duties to assist in the administration of their respective programs.
- d. Contractor Staff who access, disclose or use PII in a manner or for a purpose not authorized by this Agreement may be subject to civil and criminal sanctions contained in applicable federal and state statutes.

3. PERSONNEL CONTROLS

Contractor agrees to advise Contractor Staff, who have access to PII, of the confidentiality of the information, the safeguards required to protect the information, and the civil and criminal sanctions for non-compliance contained in applicable federal and state laws. For that purpose, the Contractor shall implement the following personnel controls:

- a. **Employee Training.** Train and use reasonable measures to ensure compliance with the requirements of this Agreement by Contractor Staff, including, but not limited to:
 - i. Provide initial privacy and security awareness training to each new Contractor Staff within thirty (30) days of employment;

- c. **Confidentiality Statement.** Ensure that all Contractor Staff, accessing, using or disclosing PII, sign a confidentiality statement (provided by the County). The statement shall be signed by Contractor Staff prior to accessing PII and annually thereafter. Signatures may be physical or electronic. The signed statement shall be retained for a period of three (3) years.
The statement shall include at a minimum:

 - ii. Security and Privacy Safeguards for the PII;
 - iii. Unacceptable Use of the PII; and
 - iv. Enforcement Policies.
- d. **Background Screening.**
 - i. Conduct a background screening of Contractor Staff before they may access PII.
 - ii. The background screening should be commensurate with the risk and magnitude of harm the employee could cause. More thorough screening shall be done for those employees who are authorized to bypass significant technical and operational security controls. County requires LiveScan screening for all contractor staff who have access to PII.
 - iii. The Contractor shall retain each Contractor Staff's background screening documentation for a period of three (3) years following conclusion of employment relationship.

4. MANAGEMENT OVERSIGHT AND MONITORING

To ensure compliance with the privacy and security safeguards in this Agreement the Contractor shall perform the following:

- a. Conduct periodic privacy and security reviews of work activity by Contractor Staff, including random sampling of work product. Examples include, but are not limited to, access to case files or other activities related to the handling of PII.
- b. The periodic privacy and security reviews must be performed or overseen by management level personnel who are knowledgeable and experienced in the areas of privacy and information security in the administration of their program, and the use or disclosure of PII.

5. INFORMATION SECURITY AND PRIVACY STAFFING

The Contractor agrees to:

- a. Designate information security and privacy officials who are accountable for compliance with these and all other applicable requirements stated in this Agreement.
- b. Assign Contractor Staff to be responsible for administration and monitoring of all security related controls stated in this Agreement.

6. PHYSICAL SECURITY

The Contractor shall ensure PII is used and stored in an area that is physically safe from access by unauthorized persons at all times. The Contractor agrees to safeguard PII from loss, theft, or inadvertent disclosure and, therefore, agrees to:

- a. Secure all areas of the Contractor's facilities where Contractor Staff assist in the administration of their program and use, disclose, or store PII.

 - iii. Official identification
- c. Issue identification badges to Contractor Staff.
- d. Require Contractor Staff to wear these badges where PII is used, disclosed, or stored.
- e. Ensure each physical location, where PII is used, disclosed, or stored, has procedures and controls that ensure an individual who is terminated from access to the facility is promptly escorted from the facility by an authorized employee and access is revoked.
- f. Ensure there are security guards or a monitored alarm system at all times at the Contractor facilities and leased facilities where 500 or more individually identifiable records of Medi-Cal PII is used, disclosed, or stored. Video surveillance systems are recommended.
- g. Ensure data centers with servers, data storage devices, and/or critical network infrastructure involved in the use, storage, and/or processing of PII have perimeter security and physical access controls that limit access to only authorized Contractor Staff. Visitors to the data center area must be escorted at all times by authorized Contractor Staff. Video surveillance systems are recommended.
- h. Store paper records with PII in locked spaces, such as locked file cabinets, locked file rooms, locked desks, or locked offices in facilities which have multi-use functions meaning that there are Contractor and non-Contractor functions in one building in work areas that are not securely segregated from each other. It is recommended that all PII be locked up when unattended at any time, not just within multi-use facilities.
- i. The Contractor shall have policies that indicate Contractor Staff are not to leave records with PII unattended at any time in airplanes, buses, trains, etc., including baggage areas. This should be included in training due to the nature of the risk.
- j. Use all reasonable measures to prevent non-authorized personnel and visitors from having access to, control of, or viewing PII.

7. TECHNICAL SECURITY CONTROLS

- a. **Workstation/Laptop Encryption.** All workstations and laptops, which use, store and/or process PII, must be encrypted using a FIPS 140-2 certified algorithm 128 bit or higher, such as Advanced Encryption Standard (AES). The encryption solution must be full disk. It is encouraged, when available and when feasible, that the encryption be 256 bit.
- b. **Server Security.** Servers containing unencrypted PII must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
