Reston, Virginia 20192

April 24, 2025

Dear Daniel Machado,

Congratulations, your project submission for the acquisition and processing of hydrography data titled **North Bay Regional Hydrography Program** submitted in response to U.S. Geological Survey Fiscal Year 2025 (FY25) 3D National Topography Model Data Collaboration Announcement (3DNTM DCA) has been recommended for 3DHP funding. Your submission proposes to apply all awarded funds using the USGS Geospatial Product and Service Contract (GPSC). To proceed with issuance of a Task Order, the following steps will be taken:

1. A USGS representative will contact you to begin the Task Order (TO) development and review process. During this process, final funding amounts from your organization, partner organizations and the USGS will be determined. The period of performance for the TO will also be finalized.
2. Upon completion of the Task Order (TO) development and review process, your organization(s) will be required to enter into a Joint Funding Agreement (JFA), Inter-Agency Agreement (IA) or other similar agreement as required for each type of organization. The full amount of funding must be committed to USGS prior to issuance of the GPSC Task Order. Failure to commit the full amount of funding by the date listed in the JFA will result in the cancellation of the project. Note: The agreement and execution of the TO will be based on the contents of the referenced project submission.

This notification is not a letter of commitment. The U.S. Geological Survey is not liable for any costs incurred prior to the signing of an agreement by a Contracting Officer (CO). A CO will hold discussions with your institution before your award start date.

USGS requires acceptance of this letter, and the conditions contained herein, to proceed. If acceptable, please sign on the line below and return to the 3DHP DCA Team as soon as possible and no later than close of business **5/8/25**.

If you require additional information, the 3DHP DCA team can be reached by e-mail at 3DHP_DCA@usgs.gov.

Acceptance by authorized representative of Solano County, CA

Daniel Machado
