Applicant: Glenda Riddle

Position: Director, Solano Resource Conservation District (SRCD)

General Information:

**As a member of this board/council/committee/commission, what might you hope to achieve?**

As a director, I will continue to support the Executive Director and participate in SRCD events. Also, I will endeavor to learn more about water quality and the SRCD school programs which engage Solano County students in learning about water conservation and water safety. At events, encourage rural land owners to plant corridors for wildlife and create butterfly, bee, and good insect habitat. I can always learn more about reducing soil degradation, prevention of run off, and we, as rural residents in fire-prone areas, should participate in wildfire safety practices.

**As a member of this board/council/committee/commission, what do you think you might contribute to help it fulfill its missions and goals?**

I have been a member of the SRCD board for over 25 years, either in the capacity as a director or associate director. During those years, the SRCD has grown from a staff of 1 and a budget of approximately \$45,000, to a staff of about 17 and an annual budget of over \$2 million. Our current Executive Director, with the guidance of board directors and the associate, has grown the SRCD to an organization with a "can do" attitude to "get it done" in all of Solano County. Many other organizations come to the SRCD for help, projects, and information. I will encourage further development of conservation practices and mitigation, and develop policies to allow all county residents to participate fully, without prejudice, as SRCD members.
