General Information

* As a member of this board/council/committee/commission, what might you hope to achieve?

Nut Tree Airport is a valuable resource to Solano County and the surrounding area. My goal is to help ensure the airfield is maintained as a safe, inviting, and well run destination for both business and private aviation.

* As a member of this board/council/committee/commission, what do you think you might contribute to help it fulfill its missions and goals?

My skills lie in seeking consensus to ensure the best outcome to a particular problem. In my professional life, I was immersed in the precepts of Cockpit Resource Management. Cockpit Resource Management (CRM) is a set of training procedures designed to improve aviation safety by enhancing teamwork, communication, and decision-making in the cockpit. It focuses on using all available resources – information, equipment, and crew members – to ensure safe and efficient flight operations. CRM aims to reduce human errors, improve morale, and increase operational efficiency.

I believe I can successfully employ these collaborative skills on the Nut Tree Airport Advisory Committee.
