These amendments are entered into between the parties identified on the attached program signature form. They amend the Enrollment or Agreement identified above. All terms used but not defined in these amendments will have the same meanings provided in that Enrollment or Agreement.

Enterprise Enrollment

Enrollment Extension - 2 Year - Indirect

Amendment ID M799

Term Extension of 2 year

Background. Enrolled Affiliate has communicated to Microsoft its plans to execute a digital transformation. To better align Enrolled Affiliate's technology investment with the realization of business value, Microsoft is offering special ramped pricing and a corresponding extension to the current term of the Enrollment.

Terms. The parties agree to extend the term of the Enrollment by appending the following to the section of the Enrollment entitled "Term":

Notwithstanding the foregoing language in the clause "Term", the initial or renewal term of this Enrollment, as applicable based on the signature date of this Amendment, is hereby extended by an additional 24 calendar months to a total of 60 calendar months.

For clarity, the effective date of the current Enrollment term shall remain 06/01/2023 and the expiration date shall be 05/31/2028. The remaining years of the current Enrollment term shall begin and end as follows:

Year 5	06/01/2027	05/31/2028	\$62.70

The price shown above are estimated retail prices. Enrolled Affiliate's actual prices will be established by its Reseller.

Enterprise Enrollment Special Ramped Pricing Amendment M667

Microsoft is providing Enrolled Affiliate with one-time special ramped pricing for the Products listed in the table below only during the initial term of the Enrollment to help offset deployment and/or dual running costs and better align Enrolled Affiliate's investment with realized business value in those years. Accordingly, the parties agree that during the initial term of this Enrollment, Enrolled Affiliate may not reduce the stated Minimum Seat Quantity for any Product listed in the table below. Enrolled Affiliate acknowledges that the terms, including the special ramped pricing, described herein are fixed for the initial term of this Enrollment and will not be subject to re-negotiation.

Microsoft is under no obligation to offer this or a similar concession upon renewal of the Enrollment.

Discount Details

For this enrollment, Microsoft provided the Customer's Partner a discount off of the Partner's Net Price. The Partner is required, by Microsoft, to pass on the discount to the Customer by reducing the Microsoft Product resale price by an amount equal to or greater than the discount.

Listed on this form is the maximum price the Partner may charge for the Microsoft Products to be ordered under this enrollment. The Maximum Resale Price (MRP) is calculated by subtracting the discount provided to the Partner, from the total estimated resale price for the Microsoft Products.

The requirement to pass through the discount does not mean that Microsoft is setting the Customer's actual price. Partners remain free to set the price charged for Microsoft Products at any point equal to or below MRP. The Customer's actual price will be established by a separate agreement between Customer and its Partner. Note that the MRP listed on this form does not include fees for non-Microsoft products, partner services or normal transaction costs. Normal transaction costs include taxes or other fees assessed by a local or federal government.

For Ordered Products

Currency	Maximum Resale Price

In this form, the following definitions apply:

"Customer" means the entity that may enter or has entered into a Contract with the Partner.

"Microsoft" means (1) the entity that has entered into an agreement with Partner under which Partner may place orders for Microsoft Products for use by the Customer and (2) the affiliates of such entity, as appropriate.

"Maximum Resale Price" means the sum of the Estimated Resale Price for the Microsoft Products ordered under the Customer Contract minus the discount off of the Partner's Net Price provided by Microsoft listed in the currency in which the Partner or Partner's reseller transacts with Microsoft.

"Product" means all Microsoft Products identified in the Product Terms, such as all Software, Online Services, and other web-based services, including pre-release or beta version. Microsoft product availability may vary by region.
