Solano County Sheriff/Coroner Gary Stanton provided the Board with an informational

update relative to their efforts to building a 362-bed Adult Detention Facility Project for Solano County utilizing State funds under AB900. Sheriff Stanton noted that in the past, the economy drove the inmate population downward primarily due to the reductions to the police force statewide. Sheriff Stanton noted that while Solano County was enjoying the lower jail populations, they continued their plans to construct a new jail facility for the future which was beneficial with the implementation of public safety realignment which would increase the jail population.

Solano County Architect Kanon Artiche provided an overview of the existing Claybank Sentenced Detention Facility containing 379 beds and an overview of the proposed new AB900 Claybank Adult Detention Facility which would contain 362-beds for a total of 1,443 beds in Solano County. Mr. Artiche noted that the new AB900 Claybank Adult Detention Facility project, by definition by the State, must be a stand alone facility. Mr. Artiche noted that the facility would be 126,756 square feet consisting of eight housing units totaling 362-beds, support areas, self-contained recreation yards, central security control area, public lobby and video visitation area, medical/mental health services area, administration/training area, non-booking intake and release area, central plant and laundry receiving and loading dock area. Mr. Artiche noted that the site improvements would include separate public and staff parking areas and a retention pond to comply with storm water regulations, and fencing to provide the secure perimeter. Mr. Artiche noted that the total land conveyed to the State through the agreements was approximately 9.5 acres. Mr. Artiche noted that the design was approached to utilize advanced security systems to reduce staffing levels necessary to operate the facility and designed to achieve LEED Silver certification by the U.S. Green Building Council.

Mr. Artiche noted that the project was within the budget of \$89,301,385 that was approved by the Board on February 9, 2010 which included \$61,545,000 in AB900 State grant funds and \$25,776,385 in County Public Facility Fees (PFF) which included \$1,980,000 in appraised land value which was recognized by the State under the AB900 grant program. Mr. Artiche noted that 69% of the funding for the project would come from the State and 31% from local funds. Mr. Artiche noted that expenditures to date totaled \$7,674,228 out of the \$89,301,385 which included \$3,735,000 expended on the 512-bed expansion project suspended by the County in 2008. Mr. Artiche noted that the \$3,735,000 would be recognized under the AB900 program leaving \$18,102,157 in local Public Facility Fee funds. Mr. Artiche noted that utilization of the AB900 funds were only for construction purposes. Mr. Artiche reviewed the project timeline and the AB900 Grant Awards under Phase One and Phase Two funding noting Solano County received the third highest amount in the State at \$61,545,000.

Mitch Mashburn, Sheriff's Office, reviewed the proposed staffing plan. It was noted that a Building Trades Mechanic position would be required for the purpose of maintaining the systems at the new facility and noted that the cost was captured in the Daily Jail Rate of the Operational Costs. Mr. Mashburn reviewed the Operational Costs which included the amount per inmate/per day (\$107); the cost per day for 362 inmates (\$38,734); and the cost per year (\$14,137,910) which included the cost of the Building Trades Mechanic at \$106,000.

At the conclusion of discussion, the Board took the following action:

On motion of Supervisor Reagan, seconded by Supervisor Vasquez, the Board received an update on the AB900 Adult Detention Facility Project, including the Staffing, Operational and Financial Status Report and took the following action:

- 1) Adopted plans and specifications for the Project per public Contract Code Section 20124;
- 2) Authorized the Department of General Services to release the project for bidding upon receiving Project authorization from the State; and
- 3) Reaffirmed delegated signing authority to the Sheriff and General Services Director for AB900 jail financing and capital project agreements, amendments and modifications to agreements that fall within the established project budget of \$89,301,385.

So ordered by 4-0 vote.
