BUDGET DETAIL AND PAYMENT PROVISIONS

1. METHOD OF PAYMENT

A. Upon submission of an invoice and Solano County vendor claim by Contractor, and upon approval by County, County shall, in accordance with the "Contract Budget Detail" attached to this Contract as Exhibit "B-1" and incorporated into this Contract by this reference, pay Contractor monthly in arrears for fees and expenses actually incurred the prior month, up to the maximum amount set forth in Section 3 of the Standard Contract. Monthly claims for payment should be submitted to County by the 15th day of the subsequent month.

For Social Services contracts: Notwithstanding Section 1 in Exhibit C, Contractor is required to submit a "preliminary year-end claim" for payment within 7 days after termination/expiration of this Contract. Contractor may submit a corrected "final claim" provided that it is submitted no later than 30 days after Contract termination and/or expiration."

B. Claims submitted by Contractor must meet the criteria set forth in section D below and be documented by a fiscal monitoring report as provided by the County. Each invoice must specify services rendered, to whom, date of service and the accrued charges.

C. Contractor may request transfers between the budget line items set forth in Exhibit "B-1" by submitting to County a completed "Budget Modification Request Form" which will be provided by the County and which must be approved by the County. Budget line items may be added for transfers under this section, provided that the line item added does not substantially change the scope of services to be provided under this Contract and does not increase the Contract amount.

D. The following criteria applies to the Contract Budget submitted by Contractor under this Contract:

(1) Requests for payment of personnel costs must include positions, salary, and actual percentage of time for each position. If Contractor provides fringe benefits to part time employees, salary and fringe benefits must be pro-rated for non-full-time employees. Salaries are fixed compensation for services performed by staff that are directly employed by Contractor and who are paid on a regular basis. Employee benefits and employer payroll taxes include Contractor's contributions or expenses for social security, employee's life and health insurance plans, unemployment insurance, pension plans, and other similar expenses that are approved by County. These expenses are allowable if they are provided under established written policies and whether treated as direct or indirect costs, are equitably allocated to all related activities including federal awards.

(2) Salaries and benefits of personnel involved in more than one Contract, grant, or project must be charged to each grant based on the actual percentage of time spent on each grant or project. Timesheets for each employee whose time is charged to this contract must be maintained by Contractor and available upon request by the County. Where employees work on multiple activities, a distribution of their salaries and benefits will be supported by personnel activity reports or equivalent documentation which meets federal cost principle standards.

(3) Allowable operating expenses are defined as necessary expenditures exclusive of personnel salaries, benefits, equipment or payments to subcontractors. The expenses must be to further the program objectives as defined in Exhibit A of this Contract and be incurred (realized) during the invoiced period. County reserves the right to make the final determination if an operating expense is allowable and necessary.

(4) Indirect costs are shared costs that cannot be directly assigned to a particular activity, but are necessary to the operation of the organization and the performance of the program. The costs of operating and maintaining facilities, accounting services and administrative salaries are examples of indirect costs. An indirect cost rate will be based on an allocation methodology developed in accordance with applicable federal standards (2 CFR Part 225 or 2 CFR Part 230). At the beginning of each year, Contractor will provide the County a copy of the indirect cost allocation methodology establishing the indirect cost rate.

At any time during the year, the County may conduct a detailed review or audit of the Contractor's indirect cost allocation methodology to ensure reasonableness and compliance with federal requirements.

Contractor will use a cost allocation method for personnel and indirect costs. Contractor's cost allocation method must be supported by a cost allocation plan with a quantifiable methodology validating the basis for paying such

expenditures. The cost allocation plan and all reimbursements by County must be consistent with the provisions as set forth under Exhibit C, Section 13B.

2. ACCOUNTING STANDARDS

A. Contractor shall establish and maintain a system of accounts for budgeted funds that complies with generally accepted accounting principles and practices for organizations/governmental entities as described in Exhibit C – section 13B.

B. Contractor's cost allocation method must be supported by a cost allocation plan with a quantifiable methodology validating the basis for paying such expenditures. The cost allocation plan should be prepared within the guidelines set forth under 2 CFR (Code of Federal Regulation) Part 230, "Cost Principles (OMB Circular A-87) or 2 CFR 230 "Cost Principles for Non-Profit Organizations (OMB Circular A-122).

C. Charges submitted by Contractor must be supported by appropriate invoices or related documentation that sufficiently support the expenditure. Contractor shall document all costs by maintaining complete and accurate records of all financial transactions associated with this Contract, including, but not limited to, invoices, time studies, and other official documentation that sufficiently support all charges under this Contract.

Contractor shall return such assets to the County upon Contract termination; unless the depreciated value of the asset is \$0, based on a straight line method of depreciation (refer to 2 CFR Part 225 or 2 CFR Part 230).

4. FINANCIAL STATEMENTS AND AUDITS

A. Contractor agrees to furnish annual audited financial statements and the single audit report, if applicable, for the previous fiscal year to the County by November 30th of the subsequent fiscal year. Contractor shall employ or retain no such person while rendering services under this Contract.
