

# **Proposition 47 Grant Program**

---

**Presented to Solano County Board of Supervisors**

**August 1, 2017**

**Solano County Department of Health and Social Services  
Gerald Huber, Director**

**Andy Williamson, Mental Health Services Manager**

## **Proposition 47 – Voter approved in 2014**

- Reduced classification of most “non-serious, non-violent property and drug crimes” from felony to misdemeanor
- Allowed previously convicted individuals to be re-sentenced or have felony designated as a misdemeanor
- Resulted in over \$68 million in State savings in FY16-17, now directed via grants toward prevention and services which can be:
  - Mental health services
  - Substance abuse services
  - Diversion services

A large, light blue arc is positioned on the left side of the slide, extending from the top to the bottom.

# Cross-Departmental County Collaboration

- Health and Social Services - lead agency
- Developing Memorandums of Understanding with key County partners:
  - Sheriff
  - Probation

# Solano County's Project Proposal

Over 100 stakeholders and Solano's Local Advisory Council recommended an emphasis on increasing access to substance abuse treatment.

\$6 million award to Solano County over 3 years with \$2,400,00 budgeted in year one. Program includes:

1. Addition of detox/residential treatment beds (a minimum of 10 new beds)
2. Support through sober living (three locations with one dedicated to youth 18-25), and transitional housing (two locations, one for men and one for women)
3. Case management throughout the continuum of substance abuse treatment
4. Legal advocacy

A large, light blue arc is positioned on the left side of the slide, extending from the top to the bottom.

## **Coordinate with existing services**

- Mentally Ill Offender Crime Reduction Grant
- In-custody case management programs
- Whole Person Care Project
- Collaborative Courts
- Drug Medi-Cal expansion
- Homeless outreach
- Substance Abuse Prevention/Treatment

# Program Goals and Outcome Objectives

## Goal 1 – Strengthen System of Care

- 40% reduction in wait time to detox/residential treatment

## Goal 2 – Reduce Recidivism

- 50% reduction in re-arrest rate

## Goal 3 - Increase Income and Housing Stability

- 75% of program participants will have a stable income
- 50% of homeless will have some form of stable housing
- 90% of those eligible for SSI/SSA will apply or appeal denial

## Goal 4 – Increase Positive Social Support

- Increase prosocial leisure activities by 20%
