

**COUNTY OF SOLANO**  
**CLASS SPECIFICATION**  
**BUILDING PERMITS TECHNICIAN II**

Effective Date of Revision: XX/XX/XXXX

**CLASS SUMMARY:**

Under general supervision, incumbents in this class of Building Permits Technician II, perform a variety of technical duties to support the Building Division; assist engineers, architects, contractors, and homeowners by providing routine and technical information related to the issuance of permits; provide technical information regarding routine building code requirements and ordinances; assist the public in completing applications and other required forms.

**DISTINGUISHING CHARACTERISTICS:**

This is the journey level class of the Building Permits Technician series and is characterized by the responsibility to process building permit applications and for providing information to the public concerning the building permit process, requirements, codes and inspection procedures.

This class is distinguished from the:

- Building Official class which is the division manager level class that is responsible for managing and directing the work of the Building Division of Resource Management.
- Building Permits Technician I class which works under immediate supervision and is learning the tasks for a Building Permits Technician II.

**SUPERVISION RECEIVED AND EXERCISED:**

- Supervision is provided by a Building Official; may receive technical or functional supervision from other technical or professional staff.
- No supervision is exercised over others.

**ESSENTIAL DUTIES:** This class specification represents the core area of responsibilities; specific position assignments will vary depending on the needs of the department.

- Receives, reviews and evaluates building permit applications for completeness and correctness; reviews blueprints for completeness and accuracy; clears all building permit applications; issues permits after necessary approval is secured; calculates square footage and determines cost per square foot based on use, occupancy and type of construction; determines and collects building fees; notifies applicant when the building permit will be issued. Verifies parcel ownership and checks for violations and inspection history; processes over-the-counter permits for repair in-kind, electrical, plumbing and mechanical for all use and occupancy applications; determines which agencies must review applications and routes building plans to various departments and agencies to process.

- Provides information to the public concerning building permit process requirements, codes and inspection procedures; assists the public in completing applications for building permits; receives various complaints and routes to the appropriate authority to resolve; explains reasons for denial of applications; explains additional requirements and the process for reapplying.
- Establishes account records; assigns/records permit identification code; records client data, services provided and charges; reviews file content for completeness, accuracy and consistency; sorts, stores and/or retrieves documents or records by alpha, numeric or other classification methods.
- Performs a variety of general clerical tasks; operates typewriters, data/word processors, copiers and other office equipment; composes routine correspondence and/or prepares notices/forms of action taken; performs administrative tasks in support of work unit operations.
- Performs other duties of a similar nature or level as assigned.

#### **EDUCATION AND EXPERIENCE:**

- **Education:** High School diploma, GED, or equivalent.
- AND**
- **Experience:** Two (2) years of experience equivalent to a Building Permits Technician I in Solano County. Six (6) units of college course work in construction technology, blueprint reading, drafting, building inspection may be substituted for six months of experience.

#### **LICENSING, CERTIFICATION AND REGISTRATION REQUIREMENTS:**

- Applicants are required to possess a valid International Code Council (ICC) Permit Technician Certification.

Note: All licenses, certificates, and registrations must be kept current while employed in this class. This may include the completion of continuing education units to maintain the required registration in good standing. Employees must keep their licenses, certifications and registrations current and failure to do so may constitute cause for personnel action in accordance with Civil Service Rules or applicable bargaining agreement.

#### **SUPPLEMENTAL INFORMATION**

Incumbents in this class are re-allocated from the position of Building Permits Technician I upon successfully acquiring an International Code Council (ICC) Permit Technician Certification and having satisfactory performance in the Building Permits Technician I class.

#### **REQUIRED KNOWLEDGE, SKILLS AND ABILITIES:**

**Knowledge of:**

- Basic building codes, ordinances, regulations, laws, and rules.
