Chairwoman Hannigan commented that Mr. Huber was a valuable member of the commission and that his insight about his department was very important.

Senior Management Analyst Magen Yambao introduced the item.

Vallejo Deputy Fire Chief Kyle Long provided information on the fire protection services being provided to the East Vallejo Fire Protection District.

Vallejo Fire Prevention Manager Vince Sproete provided information on the city's request for \$6,500 in cost share for a study on the cost of services.

In response to a question from Chairwoman Hannigan, Mr. Sproete provided information on the purpose of the proposed study noting that the cost of services was exceeding the city's ability to provide services. Mr. Long noted that calls for service were increasing. NBS Consultant Nicole Kissam provided information on the proposed study.

In response to a question from Supervisor Vasquez, Mr. Sproete provided information on the cost per capita per resident, noting that the district residents paid approximately half of what the city residents paid. Ms. Kissam provided additional information on the scope of the proposed study.

In response to a question from Chairwoman Hannigan, Mr. Long noted that the Glenn Cove station had not yet been opened and wouldn't be open in the immediate future.

In response to a question from Supervisor Spering, County Administrator Birgitta Corsello advised that there were many processes by which to start an annex of the district into the city and noted that staff could look into this with LAFCO.

Supervisor Spering advised that he would like staff to explore annexing with the City of Vallejo.

Chairwoman Hannigan advised that there was a mobile home park in Vallejo as well that should be looked at for annexation.

Supervisor Vasquez commented on the lack of past support from LAFCO or the city in regard to annexing the Homeacres area into the city and also commented that district fire issues were growing and making it challenging for the district to remain viable.

In response to a question from Chairwoman Hannigan, Ms. Yambao provided information on property tax revenues that passed through the County to the district.

Chairwoman Hannigan invited members of the public to address the Board on this matter and the following comments were received:

A) Donald Tipton, unincorporated Vallejo, commented on concerns with the proposed study.

In response to questions from Supervisor Spering, Ms. Kissam advised that the new contract was to update the study done in 2014. Ms. Yambao advised that the \$6,500 cost could be decreased from the reimbursement that was paid to City of Vallejo.

Ms. Corsello asked that the city verify that the services being reported were actually being provided.

Mr. Sproete advised that the city would verify that the services were being provided.

Ms. Kissam noted that the study would not verify the quality of services.

Ms. Corsello requested that the Fire Department come back and present its Standards of Care Study and assumptions to the Board.

In response to a question from Supervisor Hannigan, Mr. Sproete advised that construction plan review costs were covered in the agreement with the City. Ms. Kissam noted that the district could adopt fees to offset the costs.

Chairwoman Hannigan commented that a study was appropriate and that she did not want to subsidize fire service in the unincorporated area.

In response to a question from Supervisor Vasquez, Mr. Sproete noted that the request for the funding was brought to the Board because the district couldn't move the money.

In response to Chairwoman Hannigan, Ms. Kissam advised that the study would take a couple of months to complete.

In response to a question from Supervisor Vasquez, Mr. Long advised that LAFCO would be able to use the study as well.

On motion of Chairwoman Hannigan, seconded by Supervisor Brown, the Board approved the request from the City of Vallejo for East Vallejo Fire Protection District cost share up to \$6,500 for a third party Cost of Services Analysis. So ordered by 5-0 vote.

On motion of Supervisor Brown, seconded by Chairwoman Hannigan, the Board approved an opposition position to SB 284 (Beall) Juvenile justice: county support of wards. So ordered by 5-0 vote.

Ms. Heppner advised that AB 55 regarding veterans affairs and increasing subvention funding and AB 1356 regarding cannabis legislation had both died for the legislative year. She then provided an overview of the Governor's FY 2019/20 May Revision proposal concerning homelessness and noted that a letter had been sent in support.

On motion of Supervisor Brown, seconded by Supervisor Thomson, the Board affirmed the letter sent to the State Budget Conference Committee supporting the Governor's FY 2019/20 May Revision homelessness proposal. So ordered by 5-0 vote.

State Legislative Advocate Karen Lang provided an overview of the Governor's FY 2019/20 May Revision proposal to eliminate Health Realignment funding to the CMSP Board.

Supervisor Brown commented on concerns about where the diverted money would go and on the need to retain funds for future unanticipated needs.

Ms. Lang noted that the concerns were that reserves would be gone in under a year if residents no longer had access to the Affordable Care Act and came back for the services. She noted that the proposal was to redirect funds to the State General Fund to cover needs such as health care for undocumented individuals.

Supervisor Vasquez advised that there was no reward for being prudent in this circumstance, that it was foolish to think that there won't be another recession, that the County should be allowed to keep the reserves and begin analyzing what needed to be done over the next 4-5 years in case of a recession.

On motion of Supervisor Brown, seconded by Supervisor Vasquez, the Board affirmed the letter sent to the State Budget Conference Committee opposing the Governor's May Revision proposal that would redirect all Health Realignment funding for CMSP until the Board reaches a two-year (total expenditure) operating reserve. So ordered by 5-0 vote.

In response to a question from Supervisor Vasquez, Ms. Lange advised that she would follow up on how the air quality districts felt about the power outages and reliance of residents on generators.

Supervisor Thomson commented on the state administration's willingness to listen to concerns about the single water tunnel project.

Supervisor Vasquez commented on the need for the state to look at other water related things first before looking at building one water tunnel.

Ms. Heppner provided information on Best Value Projects legislation that would expire in January 2020 and noted that other counties were interested in remaining on the legislation and that she was following up on finding an author to keep that ability for Best Value Projects moving forward.

Chairwoman Hannigan advised that she had been fielding questions from businesses across the street about the fence.

Director of Health and Social Services Gerald Huber provided an overview of the item.

Chairwoman Hannigan invited members of the public to address the Board on this matter and the following comments were received:

A) Joanne Godreau, SEIU Local 1021, commented that the union was supportive but had concerns with the number of staffing changes being proposed, the number of allocated positions being filled verses new positions, consistent vacancy rates, that the union was in agreement with having administrators, grant writers, and navigator positions with the plan for this to be revisited later, on concerns with 3 deleted vacant positions, and on concerns with four Chief Deputy and 3 Administrative Secretary positions.

In response to a question from Chairwoman Hannigan, Ms. Godreau advised that discussions with Mr. Huber had been taking place regarding the concerns.

In response to a question from Chairwoman Hannigan, Dr. Bela Matyas advised that the vacancy rate had been budgeted with an expected vacancy rate and noted that the rate had consistently been approximately 5% and was the norm for the industry.

In response to a question from Chairwoman Hannigan, County Administrator Birgitta Corsello provided information on removal of three positions that were given up due to internal promotions.

Chairwoman Hannigan commented that there were a lot more jobs being posted and shared on social media.

In response to a question from Supervisor Thomson, Mr. Huber advised that there were currently no Navigator positions and that the department currently had community coordinators for homeless outreach.

Dr. Matyas provided information on the roles of the proposed Navigators.

Supervisor Thomson advised that he agreed with having the Navigator positions and noted that the goal was to bring more people through the system quicker. He then noted that more intake positions would likely be needed to assist the clients.

Dr. Matyas advised that the number of clients wouldn't change but that the experience for the client would improve. He advised that the proposal was a pilot and that the expectation was that there would be less of an impact on the intake workload.

Supervisor Thomson advised that his office had received a number of email and conversations with intake workers who had concerns about increasing workloads.

Dr. Matyas noted that the intake workload was dictated by the economy and how many people needed services. He advised that the Navigator concept was designed with the goal of decreasing the workload and improving efficiency.

In response to a question from Supervisor Thomson, Mr. Huber noted that the 162 vacant positions were distributed across all the divisions in the department. He advised that he was working with Human Resources to fill these positions and commented on the need to make sure the department had the managers and supervisors to work with Human Resources to streamline the hiring process.

In response to a question from Chairwoman Hannigan, Ms. Corsello noted that the Board increased the number of Human Resources analysts assigned to the Health and Social Services Department in February to three analysts. She advised that the department had the most Human Resources analysts assigned to it than any other department.

In response to questions from Supervisor Vasquez, Mr. Huber advised that there were four positions vacant on the department's executive team. He noted that recent challenges presented a need for the department to get the supervisory structure in place over the next two or three years. Mr. Huber advised that there would be more audits coming from the federal and state regarding compliance and that there was a need for the department to make sure that there was program integrity in place to avoid the considerable costs of not meeting compliance.

In response to a question from Supervisor Brown, Employment and Eligibility Administrator Kelly Curtis provided information on the length of time that clients received their benefits, noting that the department had been able to meet the 90% compliance requirement.

In response to comments from Supervisor Brown, Ms. Curtis provided information on the multi program intake model. Mr. Huber provided information on the experience of two different families going through multiple programs. He noted that there had been inconsistency of shared information. Dr. Matyas provided information on intake procedures and efforts to optimize the ability to help clients navigate through what programs were available to them.

In response to a question from Supervisor Brown, Mr. Huber noted that the focus of the proposed reorganization was on person-centered services and how to improve it. He then advised that there was also the need to have a management team in place to support workers. Lastly, he noted that he had received information on a grant opportunity regarding integration.

Chairwoman Hannigan commented that the message was correct but noted that what the Board was hearing was that management was being expanded but not the customer facing positions. She then commented that it was extremely difficult to supervise varied educated levels of customer facing positions. She noted that she was supportive of the proposal and that it was time to get started on this.

Mr. Huber provided a summary of the funding projections.

Chairwoman Hannigan advised that she was looking forward to seeing results from the pilot.

Supervisor Spering commented on the 162 vacancies and asked what the total number of employees were in the department. He then asked if the ratio of managers and supervisors was consistent with the industry.

Mr. Huber noted that the department was over 1300 employees. Dr. Matyas advised that the department was poorer than comparable counties in regard to the current manager/supervisor structure due to the various programs and the current structure.

In response to a question from Supervisor Spering, Mr. Huber advised that he was advocating for internal promotion for all of the positions.

Supervisor Spering asked that Ms. Corsello instruct Human Resources to focus on internal promotions for positions. He then commented on the need to look at how to be more competitive to resolve the vacancy issue. He noted that he felt that the proposed reorganization was the right move at this time. He advised that other issues about filling vacancies and helping line staff would still need to be resolved.

In response to a question from Supervisor Vasquez, Dr. Matyas noted that the proposal included a report back as benchmarks were achieved in areas such as the navigation and at least annually for overall progress.

On motion of Chairwoman Hannigan, seconded by Supervisor Spering, the Board adopted Resolution No. 2019 - 127 amending the Position Allocation List to add 1.0 FTE Health Chief Deputy/Health Officer - TBD, add 1.0 FTE

Behavioral Health Chief Deputy - TBD, add 1.0 FTE Human Services Chief Deputy - TBD, add 1.0 FTE Administration Chief Deputy - TBD, add 1.0 FTE Administrative Services Administrator - TBD, add 1.0 FTE Grant Writer - TBD, add 3.0 FTE Administrative Secretary, add 2.0 FTE Social Worker II (navigator positions), add 2.0 FTE Public Health Nurses (navigator positions), and delete 3.0 vacant FTE - TBD by July 14, 2019 to implement the proposed reorganization of the Department of Health and Social Services to support client/population-centric service delivery.
