### **DEPARTMENTAL RECOMMENDATION:**

The Department of Health and Social Services (H&SS) recommends that the Board approve a new contract with Human Impact Partners in the amount of \$94,876 from March 1, 2017 through August 31, 2017 funded through Public Health to provide evaluation and community engagement consultation and technical assistance to advance chronic disease prevention initiatives; and Authorize the County Administrator to execute the contract and any subsequent amendments that remain within budgeted appropriations.

### **SUMMARY:**

H&SS's Solano Public Health is proposing a new contract with Human Impact Partners (HIP) as part of efforts to improve the health and well-being of Solano County residents. The new contract with HIP in the amount \$94,876 from March 1, 2017 through August 31, 2017 will include a variety of activities related to improving and impacting the work to prevent and address chronic diseases in Solano County.

### **FINANCIAL IMPACT:**

The total funding of \$94,876 for the proposed new contract is from the Centers for Disease Control and Prevention (\$69,887) and California Department of Public Health (\$24,989).

### **DISCUSSION:**

This contract supports H&SS's Solano Public Health's vision of *Healthy People-Healthy Community*. HIP has had long-standing relationship with Solano Public Health and collaborative community efforts to improve health outcomes for Solano residents. The new contract with HIP in the amount of \$94,876 from March 1, 2017 through August 31, 2017 will include: key informant interviews with participants of Solano Public Health's Chronic Disease Self-Management Program, Diabetes Prevention Program, and Kick the Butts to improve program delivery; assess opportunities for policy changes aimed at reducing chronic disease within the community; assist with organizing two conferences; and provide technical assistance and training about health equity issues and community engagement. H&SS's Solano Public Health worked with HIP last year to perform similar work.

### **ALTERNATIVES:**

The Board may choose not to approve the contract. This is not recommended because it would prevent H&SS's Solano Public Health from expanding media outreach to promote the prevention and early intervention

of chronic diseases.

**OTHER AGENCY INVOLVEMENT:**

H&SS worked with the County Administrator's Office and County Counsel to develop the contract.

**CAO RECOMMENDATION:**

APPROVE DEPARTMENTAL RECOMMENDATION
