DEPARTMENTAL RECOMMENDATION:

The Department of Resource Management recommends that the Board of Supervisors adopt a resolution certifying the maintained mileage of Solano County roads as 576.613 miles as of December 31, 2016.

SUMMARY/DISCUSSION:

Section 2121 of the California Streets and Highways Code requires that the County, by adoption of the attached resolution (Attachment A), certify the mileage of County maintained roads each year.

The County's maintained road mileage in 2015 was 576.613 miles. There were no annexations or other changes to the County's maintained road mileage during 2016 (Attachment B). McGary Road was detached from the City of Fairfield to Solano County on February 10, 2017 and will be included in the maintained mileage for 2017.

FINANCIAL IMPACT:

Road Fund revenues received from Federal and State sources are unchanged as a result of this action because certain revenues received by the Road Fund are partially based on the maintained mileage of County Roads. There is no impact to the General Fund.

ALTERNATIVES:

The Board could choose to not adopt the resolution. This is not recommended as State law requires that such a resolution be adopted, and the maintained mileage report simply reflects the existing mileage.

OTHER AGENCY INVOLVEMENT:

The County's maintained mileage is reported to Caltrans upon adoption of the resolution. County Counsel has reviewed and approved this item as to form.
