DEPARTMENTAL RECOMMENDATION:

The Department of Resource Management recommends that the Board of Supervisors adopt a resolution certifying the maintained mileage of Solano County roads as 577.609 miles as of December 31, 2017.

SUMMARY/DISCUSSION:

Section 2121 of the California Streets and Highways Code requires that the County, by adoption of the attached resolution (Attachment A), certify the mileage of County maintained roads each year.

The County's maintained road mileage in 2016 was 576.613 miles. The City of Fairfield de-annexed 1.37 miles of McGary Road on February 10, 2017. In addition, the City of Vacaville annexed 0.374 miles of Fry Road on August 3, 2017. The 0.996 mile changes to the County's maintained road mileage are shown in Attachment B, bringing the County's total maintained mileage to 577.609 miles as of December 31, 2017.

FINANCIAL IMPACT:

Road Fund revenues received from Federal and State sources will slightly increase because of this action as certain revenues received by the Road Fund are partially based on the maintained mileage of County Roads. There is no impact to the General Fund.

ALTERNATIVES:

The Board could choose to not adopt the resolution. This is not recommended as State law requires that such a resolution be adopted, and the maintained mileage report simply reflects the existing mileage.

OTHER AGENCY INVOLVEMENT:

The County's maintained mileage is reported to Caltrans upon adoption of the resolution. County Counsel has reviewed and approved this item as to form.
