ASSESSMENT

WHEREAS, on June 2, 2026, the Board of Supervisors of the County of Solano, California, pursuant to the provisions of the Landscaping and Lighting Act of 1972 (the Act), adopted a Resolution Directing Preparation of Annual Report for the Green Valley Open Space Maintenance District;

WHEREAS, said resolution directed the undersigned to prepare and file a report pursuant to Section 22565 et seq. of said Act;

NOW, THEREFORE, the undersigned, by virtue of the power vested in me under said Act and the order of the Solano County Board of Supervisors, hereby makes the following assessment to cover the portion of the estimated cost of the said improvements and the costs and expenses incidental thereto to be paid by said district.

The amount to be paid for the improvements, and the expenses incidental thereto, are as shown on the summary of cost in Section 2 of this report.

Reference is made to the original assessment diagram for the maintenance district dated October 2, 1990, which is hereby amended by the assessment roll contained herein.

I do hereby assess the net amount upon all assessable lots or parcels of land within said maintenance assessment district by apportioning that amount among the lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements, and more particularly set forth in the list hereto attached and by reference made a part of this Assessment.

The assessment is made upon the lots or parcels of land within the maintenance assessment district in proportion to the estimated benefits to be received by said lots or parcels from the improvements. The diagram and assessment numbers appearing herein are the diagram numbers appearing on said diagram, to which reference is hereby made for a more particular description of said property.

Each lot or parcel of land assessed is described in the assessment list by reference to its parcel number as shown on the Assessor's Maps of the County of Solano for the fiscal year 2026-2027 and includes all such parcels excepting those portions thereof within existing public roads or right of way to be acquired in these proceedings for public road purposes. For a more particular description of said property, reference is hereby made to the deeds and maps on file and of record in the office of the County Recorder of said County.

METHOD OF ASSESSMENT

Because the open space areas contribute to the environment and identity shared by all residents within this district, their acquisition and maintenance is considered to be of equal benefit to each developed parcel. Therefore, the costs of the district are apportioned on an equal basis to each of the parcels within the district on which as of March 1 of a given year there is a residence or for which as of March 1 of a given year a building permit has been issued. The assessment is increased by \$2.50 per parcel compared to the previous year's assessment

DESCRIPTION OF IMPROVEMENTS

The work shall include the acquisition and maintenance of open space land in the Green Valley area. Green Valley is that area bounded by Suisun Valley Road on the east, Interstate 80 and State Highway 12 on the south, and a line in the ridge tops to the north and west, which line is to be defined pursuant to the planning process initiated by City of Fairfield Resolution 89-89.
